DIVISION OF WATER OPERATIONS
38270 AQUARIUS PKWY
WILLOUGHBY, OH 44094

June 16, 2016

Dear Resident:

The Lake County Department of Utilities will be replacing a regulator on Eagle Road starting at 8:30 am on Tuesday, June 21, 2016. Due to this repair, your residence will be without water service for approximately 8 hours.

It is recommended you have water in containers available for household and personal use. Upon restoration of service, water may be discolored. If this occurs, run a **cold** water faucet until your water clears.

A water use advisory will be in effect until the bacteriological tests confirm the water is safe to consume. This will take a minimum of twenty-four hours. Until that time, residents and businesses are advised to take the following extra precautionary measures:

Water for drinking and cooking purposes should be boiled (at running boil) for at least 1 minute.

Every attempt will be made to minimize inconveniences during this repair project. Your patience is appreciated.

The following is a list of streets that will be without water service for approximately 8 hours.

*Trailard Dr.
Mayfriars Dr.
Glengate Rd.
Red Fox Pass
Kennelly Dr.
Chagrin Dr.
Eagles Nest Rd.
Dodds Landing Dr.
Dodds Hill Dr.
Dodd Rd from Eagle Rd. to the River
Eagle Rd from Red Fox Pass to Chagrin Dr.*

For any further questions please call Lake County Department of Utilities at 440-918-3420

Sincerely,

John Diemert
Lake County Department of Utilities
