

# GIS USERS OF NORTHERN OHIO

The **GIS USERS OF NORTHERN OHIO** (GUONO) is an informal group that promotes geographic data sharing, encourages data standardization, and provides a network for the exchange of technical information between all GIS users. Our goals include developing a forum for open discussion of GIS issues and encouraging personal communication between GIS users of all skill levels in the public, private, non-profit and educational sectors.

## Mark your calendar and join us:

Wednesday August 28<sup>th</sup>, 2013 from 1:30 – 3:00 at the Cleveland Metroparks Canalway Center, E. 49<sup>th</sup> Street, Cleveland Ohio 44125 for:

## Subsurface Imaging using Ground Penetrating Radar

**By:** David Kelley, City Blueprint of Toledo

Come and learn the details of subsurface imaging and mapping technologies through the utilization of Ground Penetrating Radar (GPR) and MGIS GPS units. Techniques of employing remote sensing through GPR will be discussed in conjunction with site observations. Topics will include practical applications with variants of accuracy levels during data collection for GIS purposes with an emphasis on the importance of premium quality data.

Best Regards,

Dick Kotapish, GISP  
GIS Director  
Lake County GIS Department
