SUBMITTING FOR A COMMERCIAL BUILDING PERMIT Page 1 of 2

1. **SUBMIT (4) FOUR COMPLETE SETS OF PLANS** sealed by a State of Ohio Registered Design Professional, specifications, and data for commercial and/or industrial construction, along with a completed Application for Commercial Building Permit Plan Review.
 - a. All submittals must include FOUR complete sets of drawings, including plot plan, elevations, floor plans, elevator enclosures, complete wall sections showing footer, foundation, floor, walls, and roof construction indicating all structural members, size, spacing, material, etc. Mechanical and Electrical drawings and specifications must be included. The name and address of author shall be plainly printed in the lower right hand corner of all plans or drawings.
2. Buildings or structures located in flood hazard areas must contact the Lake County Engineer's Office before applying for a building permit.
3. All plans submitted shall bear sufficient information to determine compliance with the Ohio Building Code. Drawings shall also indicate clearly the principle use or occupancy of the building or structure. Where more than one type of use or occupancy is intended, the location and floor area for such uses or occupancies shall be clearly shown on plans.
4. **FIRE AUTHORITY (for commercial and / or industrial construction)** - Pursuant to the 2011 Ohio Building Code, Section 106: 106.1.2(5), if you are submitting drawings to the Lake County Building Department for a commercial permit applicant must also immediately submit one set of construction documents and the Local Fire Department Submittal Form supplied by the Building Department to the local Fire Official for approval. The Submittal Form completed by the local Fire Official must be returned to the Building Department before the building permit will be issued.
5. **ZONING PERMIT** - Check with the local zoning inspector for requirements. Bring a copy of the zoning permit to the Building Dept.
6. **SITE PLANS** - Submit required number of site plans to the local zoning inspector, Lake County Soil & Water, Lake County Engineer/Stormwater Management, Lake County Health District, and the Lake County Utilities for approvals, if necessary.
7. **WATER SUPPLY (for new structures)** - If public water is not available, the applicant must supply acceptable evidence that an adequate supply of potable water is available. A well log approved by the Lake County Health District will be acceptable.

8. **SANITARY SEWERS/ SEPTIC SYSTEMS** - If public sanitary sewers are not accessible, an individual disposal system must be installed in accordance with the Ohio State and County Health Departments' requirements. Contact the Lake County Health District or the EPA office. If a septic system is to be installed, the Lake County Health District (See Item # 11) must approve the grade/site plan.
9. **LAKE COUNTY DEPARTMENT OF UTILITIES SEWER & WATER AVAILABILITY NOTICE FORM** (for new structures) – signed by the Lake County Utilities Department.
10. **LAKE COUNTY SOIL & WATER CONSERVATION DISTRICT** - Submit a copy of the Approval Letter from the Lake County Soil and Water District if applicable.
11. **LAKE COUNTY ENGINEER / STORMWATER MANAGEMENT DEPT** – Approval stamped on site plan (See Item # 12) if applicable.
12. **SUBMIT A SITE PLAN** with all required approvals **ON ONE SITE PLAN**: Lake County Engineers / Stormwater Management or your Local Jurisdiction Engineer, Lake County Soil & Water District, and the Lake County Health Department, if applicable.
13. **REVISED / AMENDED DOCUMENTS / INFORMATION SUBMITTED MUST INCLUDE (4) FOUR COMPLETE SETS** sealed by a State of Ohio Registered Design Professional, specifications, and data for commercial and/or industrial construction, along with a completed Application for Commercial Building Permit Plan Review.
14. **STATE 3% PERCENT FEE**: Pursuant to 3781.102 (F) (1) of the Ohio Revised Code all commercial permits and plan reviews shall be charged a 3% state tax.

PLUMBING PERMITS must be obtained from the Lake County General Health District, 33 Mill Street, Painesville, Ohio Tel: 440-350-2543.

SUBMITTING FOR A RESIDENTIAL BUILDING PERMIT Page 1 of 3

1. **SUBMIT (2) TWO COMPLETE SETS OF PLANS** along with a completed Application for Residential Building Permit Plan Review.
2. Buildings or structures located in flood hazard areas must contact the Lake County Engineer's Office before applying for a building permit.
3. All plans submitted shall bear sufficient information to determine compliance with the Residential Code of Ohio (RCO). Drawings shall also indicate clearly the principle use of the building or structure. The floor area for such uses shall be clearly shown on plans.
 - a. **All submittals must include TWO complete sets of construction documents.**
 - b. **Index:** Index of all drawings on first sheet.
 - c. **Site Plan:** A site plan showing a north orientation arrow, the size and location of new residential construction and all existing structures on the site, all property and interior lot line locations with setback and side yard dimensions and distances from buildings to lot lines, the locations of the nearest streets, the established street grades, the locations, types and sizes of all utility lines, the location of any fences, and the elevations of all proposed finished grades; and it shall be drawn in accordance with an accurate boundary line survey. In the case of demolition, the site plan shall show construction to be demolished and the location and size of existing structures and construction that are to remain on the site or plot.
 - d. **Floor Plans:** Complete floor plans, including plans of full or partial basements and full or partial attics. Floor plans must show all relevant information such as door swings, stairs and ramps, windows, shafts, all portions of the means of egress, etc., and shall be sufficiently dimensioned to describe all relevant space sizes. Wall materials shall be described by cross-hatching (with explanatory key), by notation, or by other clearly understandable method. Spaces must be identified by how each space is intended to be used.
 - e. **Exterior Wall Envelope:** The residential construction documents shall provide details of the exterior wall envelope as required, including flashing, intersections with dissimilar materials, corners, end details, control joints, intersections at roof, eaves, or parapets, means of drainage, water-resistive membrane, all elevations necessary to completely describe the exterior of the residential building including floor to floor dimensions, and details around openings. See the 2013 RCO Energy Compliance Declaration Form.

3.

- f. **Sections:** Cross sections, wall sections, details including typical connections as required to fully describe the residential building construction showing wall, ceiling, floor and roof materials. Residential construction documents shall describe the exterior wall envelope in sufficient detail to determine compliance with this code.
- g. **Structure:** Complete structural description of the residential building including size and location of all structural elements used in the design of the residential building and other data as required to fully describe the structural system.
- h. **Rating:** The fire-resistance ratings of all structural elements as required by this code, data substantiating all required fire-resistance ratings including details showing how penetrations will be made for electrical, mechanical, plumbing, and communication conduits, pipes, and systems, and the materials and methods for maintaining the required structural integrity, fire-resistance rating, and firestopping.
- i. **System Descriptions:** Description of the mechanical, plumbing and electrical systems, including: materials; location and type of fixtures and equipment; materials, and sizes of all ductwork; location and type of heating, ventilation, air conditioning and other mechanical equipment and all lighting and power equipment. See the 2013 RCO System Descriptions Form.
- j. **Additional Information:** Additional graphic or text information as may be reasonably required by the residential building official to allow the review of special or extraordinary construction methods or equipment.
- k. **Manufacturer's Installation Instructions:** As required by this code, shall be available on the job site at the time of inspection.
- l. **Amended Construction Documents:** If substantial changes to the residential building are contemplated after first document submission, or during construction, those changes must be submitted in duplicate with an Application for Residential Building Permit Plan Review to the Lake County Building Department for review and approval.
