

Assistant Telecom Director

The Telecommunications department is accepting applications for an assistant Director. The position requires the ability to assist in the operation and planning of the Telecommunications department. The Telecommunications department is composed of three main sections: Telephone, Radio and Jail. The successful applicant is required to be familiar with and have a working knowledge of most of the systems and technology used in each of the three department sections which include Digital and Ethernet based microwave systems, Motorola 2 way P25 simulcast radio systems, VoIP ShoreTel telephone systems, PLC based controllers and swipe and proximity based card reader systems. Additional requirements include having a good team building attitude, ability to work with public safety officials, mayors, city managers, township trustees and village councils. Excellent attendance, communications and computer skills are preferred. Please send resumes to Kelly Andino, Human Resource Administrator, 105 Main Street, Painesville, OH 44077, or email kelly.andino@lakecountyohio.gov.
