

Adverse Childhood Experiences: Building Self-Healing Communities

An important half-day conference by internationally respected researcher and author

Dr. Robert Anda

**THURSDAY FEBRUARY 25
RADISSON HOTEL, EASTLAKE
35000 CURTIS BLVD.**

**8:00 A.M. REGISTRATION
PROGRAM: 8:30 A.M. – NOON**

Dr. Anda's research on the connections between childhood trauma (abuse, neglect, domestic violence, etc.) and later-in-life health & social problems is world-renowned. His ground-breaking Adverse Childhood Experiences (ACE) study is being replicated in numerous countries by the World Health Organization and is being used in some twenty-one U.S. states to help assess origins of health and social problems.

CEU and CPD hours available!

WHO SHOULD ATTEND:
Social Workers, Counselors, Educators, Youth Volunteers, First Responders, Day Care Workers, Health Care Workers, Court Personnel, Clergy, Anyone who works with and cares about youth

Presented by the Lake County Family and Children First Council with funding and support from the Lake County ADAMHS Board, Lake County Juvenile Court, Lake County Department of Job and Family Services, Lake County Board of Developmental Disabilities, Lake County Educational Services Center
