

Backyard Composting: food for the soil

Join us for a composting workshop!

Composting turns kitchen and yard waste into nutrient rich fertilizer for your garden and landscaping!

At this workshop we will teach you the composting basics, as well as give you the tools to troubleshoot any problems that might develop in your compost bin. Participants will go home with an easy to use 18-cubic foot wishing well composter.

Saturday, December 12, 2015
11 - noon

Lake Metroparks
Environmental Learning Center
7250 Alexander Rd.
Concord Township, OH 44077

Workshop cost is \$50.
Registration required

To register call Lake Metroparks at 440-358-PARK (7275) or 1-800-669-9226.
