

The Board of County Commissioners, in and for Lake County, Ohio, met this day in regular session with the following members present:

Commissioners: Troy, Aufuldish and Sines

Commissioner Sines presented the following resolution and moved its adoption.

**RESOLUTION AUTHORIZING EXECUTION OF A MEMORANDUM OF UNDERSTANDING BETWEEN THE LAKE COUNTY BOARD OF COMMISSIONERS ON BEHALF OF THE LAKE COUNTY STORMWATER MANAGEMENT DEPARTMENT AND LAKELAND COMMUNITY COLLEGE**

WHEREAS, the Board of County Commissioners hereby finds and determines that all formal actions relative to the adoption of this resolution were taken in an open meeting of this Board of County Commissioners, and that all the deliberations of this Board of County Commissioners and of its committees, if any, which resulted in formal actions, were taken in meetings open to the public, in full compliance with applicable legal requirements, including Section 121.22 of the Revised Code, and

WHEREAS, the Lake County Stormwater Management Department is recommending execution of a Memorandum of Understanding between the Lake County Board of Commissioners on behalf of the Lake County Stormwater Management Department and Lakeland Community College, and

WHEREAS, the Lake County Stormwater Management Department acting on behalf of Lakeland Community College, will be responsible for compliance with the laws of the Ohio Environmental Protection Agency regarding Phase II Stormwater Illicit Discharge Detection and Elimination activities and corresponding education activities as set forth in the Agreement. Said Memorandum of Understanding is incorporated herein by reference and made a part of this resolution.

NOW, THEREFORE, BE IT RESOLVED, that the Board of County Commissioners, in and for Lake County, Ohio, hereby authorizes execution of a Memorandum of Understanding between the Lake County Board of Commissioners on behalf of the Lake County Stormwater Management Department and Lakeland Community College.

BE IT FURTHER RESOLVED, that the Clerk of the Board is hereby directed to forward certified copies of this resolution to the Lake County Auditor; Budget Director; Jim Gills, Lake County Drainage Engineer; and I. James Hackenberg, Baker, Hackenberg, and Henning, 77 N. St. Clair, Ste. #100, Painesville, OH 44077.

Commissioner Aufuldish seconded the resolution and the roll being called upon its adoption, the vote resulted as follows:

"AYES": Commissioners: Troy, Aufuldish and Sines

"NAYS": Commissioner: None

Resolution adopted,  
Amy Elszasz, Clerk

CLERK'S CERTIFICATION

I, Amy Elszasz, duly appointed Clerk of the Board of County Commissioners, do hereby certify that this is a true and accurate copy of a resolution adopted by said Board on March 2, 2006, and recorded in the Commissioners' Journal, Volume 2006.

WITNESS my hand this second day of March, 2006 in Painesville, Ohio.

cc: MOU Binder

  
Amy Elszasz, Clerk  
Board of Commissioners, in and  
for Lake County, Ohio

**Memorandum of Understanding**

**Lake County Board of Commissioners  
&  
Lake County Community College District**

This Memorandum of Understanding ("MOU") is entered into this 2<sup>nd</sup> day of March 2006, between Lake County Community College District, by its President, and Lake County, by its Board of County Commissioners ("Commissioners"). This agreement shall be subject to annual review and modification as provided below.

**Purpose**

The Commissioners recognize the need for effective collaboration in carrying out their mandated responsibilities in fulfillment of a National Pollutant Discharge Elimination System ("NPDES") permit from the Ohio Environmental Protection Agency ("OEPA"). The purpose of this MOU is to acknowledge certain duties undertaken by the Lake County Stormwater Management Department ("LCSMD") in fulfillment of its OEPA permit number 3GQ00068\*AG, authorizing discharges of stormwater from a municipal separate storm sewer system (MS4), and to define the role of Lake County Community College District ("College") in assisting the LCSMD to fulfill those duties.

The parties to the MOU hereby recognize the following:

1. The LCSMD was formed by the Lake County Board of Commissioners pursuant to O.R.C. 6117.01 to assist local communities in the management of stormwater runoff and related resource management issues. LCSMD, through its staff, is a recognized expert in stormwater management issues.
2. The College also provides certain stormwater services to its campus.
3. To ensure compliance with the NPDES stormwater permit, both the LCSMD and the College will work together to provide stormwater services to the campus.

**Duties of LCSMD**

Under this MOU, LCSMD agrees to the following:

1. Use best faith efforts to ensure that stormwater services are provided to the College as required in NPDES permit number 3GQ00068\*AG.

2. Use its best faith efforts to collect information from and consult with the College when fulfilling certain permit obligations.
3. Use its best faith effort to collect information, consult with its partners and the College to coordinate stormwater management services between its partner organizations (Attachment A) to ensure its member communities meet their obligations under the NPDES permit.
4. Recognize the role in the stormwater management program of the College.
5. Adopt, apply and enforce College recommendations when the LCSMD deems them technically feasible and economically reasonable solutions to resource management and conservation problems.

The LCSMD and it's partners agree to provide the following services to the College related to the requirements of their NPDES permit number 3GQ00068\*AG:

**1. Minimum Control Measure #1 and #2 – Public Education and Outreach and Public Involvement and Participation**

- a. Make educational publications available on the LCSMD website.
- b. Develop and implement a mass media program.
- c. Make educational materials from partner agencies available in public places throughout drainage district.
- d. Conduct or make available at least three stormwater management workshops annually during permit period for developers, public employees and private groups.
- e. Prepare community specific stormwater presentations when requested.
- f. Prepare educational workshop on water quality impacts from illicit discharges for homeowners and small businesses in member LCSMD communities.
- g. Work with the College to identify target areas for catch basin and stormwater discharge (outfall) labeling program.
- h. Advertise storm sewer labeling program on LCSMD website and in at least one LCSWCD publication per year.
- i. Involve local students in stream monitoring program each year.
- j. Lead annual stream cleanup workdays on major streams.
- k. Advertise annual stream clean up events on stormwater website and in stormwater newsletter.

- I. Install stream crossing signs and advertise for public sponsorship.

**2. Minimum Control Measure #3 – Illicit Discharge Detection and Elimination**

- a. Complete a drainage district storm sewer system map.
- b. Develop a list of all sewage treatment systems connected to the municipal separated sewage system (MS4) within College boundaries.
- c. Locate all outfalls on storm sewer system map.
- d. Develop a regulation to prohibit illicit discharges to the MS4 and authorize access for inspection.
- e. Visually screen and if required test 20 percent of known outfalls annually. Water quality testing includes sampling for fecal coliform, nutrients, heavy metals, oil and grease and total dissolved solids as needed based on indicators resulting from visual screening.
- f. Initiate process to remove 25 percent of known illicit discharges within member communities during each permitting period utilizing regulatory / enforcement mechanisms based on prioritized problem areas determined by water quality and quantity of flow at outfalls.
- g. Assist with the elimination of 5 percent of known illicit discharges during each permitting period.

**3. Minimum Control Measure #6 – Good Housekeeping and Pollution Prevention**

- a. Develop employee training program for the College.
- b. Distribute training program and/or directly train College employees involved in stormwater related construction and maintenance activities.

**4. Administration, Regulation and Enforcement**

- a. Provide interagency and intercommunity coordination services.
- b. Act as liaison for regulatory agencies to ensure fulfillment of all permit requirements and other regulating issues related to surface water quality.
- c. Ensure the College is informed of regulatory issues.
- d. Prepare and submit all regulatory compliance reports including information on County and College drainage systems as required by the NPDES permit.

## **5. Finance**

- a. Actively seek grant and low interest loan funding for stormwater projects located within the LCSMD drainage district dealing with public education, public involvement, illicit discharge detection and employee training.
- b. Conduct all budgeting and accounting for LCSMD.
- c. Provide the College with an annual accounting of LCSMD funds and general work activities in the form of an annual report.

## **Duties of the College**

The College agrees to provide the following services related to the LCSMD NPDES stormwater permit:

### **1. Minimum Control Measure #1 and #2 – Public Education and Outreach and Public Involvement and Participation**

- a. Provide LCSMD with information regarding any additional public education and outreach and public involvement and participation efforts beyond those performed by LCSMD annually.

### **2. Minimum Control Measure #3 – Illicit Discharge Detection and Elimination**

- a. Provide LCSMD with storm sewer mapping information for the College property.
- b. Adopt resolution/ordinance to prohibit illicit discharges to the MS4s on College property and authorize access for inspection.
- c. Initiate process to remove known illicit discharges on College property during each permitting period utilizing regulatory / enforcement mechanisms based on prioritized problem areas determined by water quality and quantity of flow at outfalls within the member communities.
- d. Assist with the elimination of known illicit discharges on College property during each permitting period based on prioritized problem areas within the member communities.

### 3. Reporting

- a. Provide annual documentation in a form deemed acceptable by LCSMD for inclusion in the regulatory report for College work associated with the six minimum controls.

Based upon the College's determination of reasonableness, the College agrees to provide such additional services not specifically referred to in this MOU as requested by LCSMD.

### Agreed Procedures

1. The LCSMD and the College will meet periodically to review the effectiveness of this agreement, coordinate individual and joint progress and exchange information.
2. All services provided by LCSMD and the College are offered on a non-discriminatory basis without regard to race, color, national origin, religion, age, marital status or handicap.
3. The College recognizes the LCSMD's obligation to make its reports and other written materials available to the public on request in accordance with the Ohio Public Records Act.
4. This memorandum of understanding expires at the close of business on April 3, 2008, or at such time as a new NPDES permit is issued by Ohio EPA.
5. This agreement may be amended or terminated at any time by mutual consent, or terminated by either party giving six months notice in writing to the other. Termination will begin at the end of the calendar year.
6. The duties and responsibilities of the College as identified in this MOU commence upon the execution of this MOU.
7. The LCSMD will charge the LCSWCD a yearly stormwater management fee to support the additional services provided to the College referred to in this agreement. The fee will be calculated based on the following formula:

$$\text{College annual Stormwater fee} = \frac{\text{Impervious Area sq. ft.}}{3,050 \text{ sq. ft.}} * \$9.60/\text{year}$$

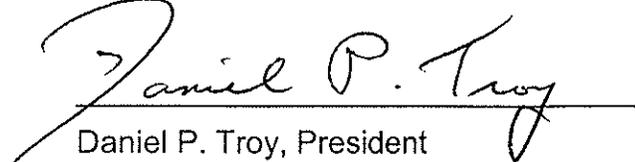

The College is responsible to pay LCSMD a stormwater management fee with calendar year 2006. LCSMD agrees that the College's

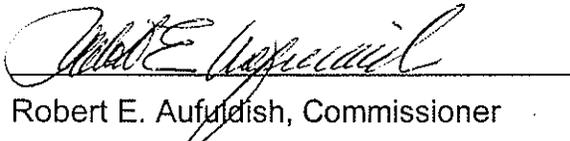

impervious area for calendar year 2006 is 1,561,270 sq. ft. LCSMD agrees that the only increase to the College's impervious area necessary to calculate the annual stormwater management fee for calendar years subsequent to 2006 shall be any new additions to College parking areas or roofs.

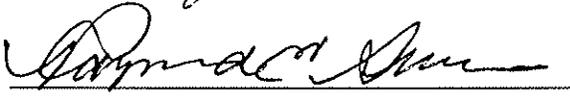

8. It is mutually understood and agreed that each party recognizes that the other party has specific and separate duties to perform under the terms of this agreement and that there are specific joint tasks to be performed that are required to satisfy the stormwater phase II regulations contained in the NPDES permit. The parties agree to work separately or together as the circumstances may require on any and all issues which may be brought to either party's attention from time to time by regulatory agencies or others having jurisdiction over either the parties or the permits referred to herein. The parties agree that the College shall indemnify and hold the Commissioners harmless from any and all claims, actions, or causes of action and any and all damages, direct or indirect that may arise as a result of the work that LCSMD is required to perform pursuant to this Agreement. The parties further agree that the Commissioners shall indemnify and hold the College harmless from any and all claims, actions, or causes of action and any and all damages, direct or indirect that may arise as a result of the work that College is required to perform pursuant to this Agreement.
9. The parties hereby acknowledge that LCSMD, as the College's representative to the various regulatory agencies having jurisdiction over either the parties or the permits referred to herein, may from time to time receive notice of pending actions, complaints and/or inquiries related to the College's responsibilities under this Agreement or the permits referred to herein. The parties agree that College shall indemnify and hold the Commissioners harmless from any and all claims, actions, or causes of action and any and all damages, direct or indirect that may arise as a result of LCSMD serving as the College's representative to the various regulatory agencies having jurisdiction over either the parties or the permits referred to herein.

In witness thereof, the parties here to have affixed their hands and seals in Lake County, Ohio this 2<sup>ND</sup> day of MARCH, 2006:

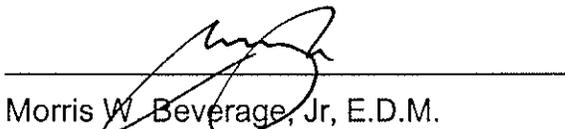

**LAKE COUNTY BOARD OF COMMISSIONERS**

  
Daniel P. Troy, President

  
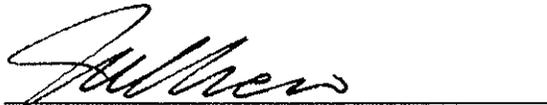

Robert E. Aufaldish, Commissioner

  
Raymond E. Sines, Commissioner

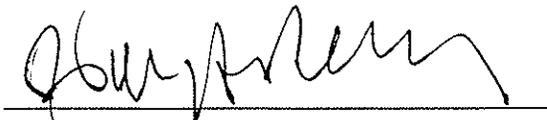

**LAKELAND COMMUNITY COLLEGE**

  
Morris W. Beverage, Jr, E.D.M.
