

## **RESIDENT ENGINEER**

The Lake County Engineer's Office is seeking a qualified engineer, graduated from an accredited Civil Engineering program, experienced in Federally Funded Bridge & Roadway Construction. The successful candidate shall have a minimum of 10 years experience in overseeing construction with a current understanding of the ODOT processes & procedures for use of Federal & State Funds following the Locally Administered Transportation Projects Manual of Procedures. The successful candidate shall be able to work from a field office, able to traverse uneven & rugged terrain, willing to work outside in various weather conditions & have excellent communication skills.

The Resident Engineer is responsible for organization & coordination of the onsite supervision or the execution of the construction in accordance with the approved designs & specifications, verification that all materials, equipment & construction procedures meet contract requirements & accurately reporting all work activities.

Send resume to: Brianne Rowell, Assistant Administrator, LAKE COUNTY ENGINEER, 550 Blackbrook Road, Painesville Twp., OH 44077.
