

# VROOMAN ROAD PROJECTS

ODOT PID 87587

LCE PROJECT #03-006-01/PID #5669

## VROOMAN ROAD BRIDGE REPLACEMENT PROJECT

**Location:** Vrooman Road over Grand River in Leroy and Perry Townships  
**Description:** The proposed project will provide for the improvement of approximately 0.6 miles of Vrooman Road by replacing the existing Vrooman Road Bridge over the Grand River and the retaining wall supporting the approach to State Route 84 with a new high level bridge that also provides for the removal of deficient roadway conditions. The new bridge will intersect State Route 84 at Lane Road. River Road will be terminated with a cul-de-sac before the intersection and a new road from River to State Route 84 will be constructed. The existing bridge will have a pedestrian bridge constructed in its place and will become the property of Lake Metroparks.

**Schedule:** To Be Determined  
**Detour:** To Be Determined  
**Contractor:** To Be Determined
