

## High School Role Model Questions

High School students will be visiting your P.L.U.S. class next week. They will be here to answer questions and discuss any concerns or issues you have as P.L.U.S. students. Please write down **at least 2 questions** you would like to ask the high school students. We would like your questions to be about things we talked about in P.L.U.S. As you write your questions remember all the different topics we discussed in addition to our talks about drugs (take a look in your P.L.U.S. folder). Certain questions like, “What’s your favorite color?” or “What’s your favorite T.V. show?” or “What’s your favorite food?” won’t help us learn about how the high school students have kept them-self drug free and out of trouble. However, questions like, “What do you do for fun?” or “Have you lost friends because of drug use?” are excellent types of questions to ask. Some questions might be about Middle school, pressure to use drugs, violence, or how they stay drug free, etc. Please have your P.L.U.S. name tents ready and waiting when the Role Models arrive.
