

## P.L.U.S. InterNet Terms

**Directions:** Match the term on the left with the correct description on the right. Bring to class next week with parent(s) signature. Be ready to discuss the terms listed below.

\_\_\_\_\_ www. (World Wide Web)

\_\_\_\_\_ Txt (Texting) / IM

\_\_\_\_\_ Link (Hyperlink)

\_\_\_\_\_ Chat/Commenting

\_\_\_\_\_ Cyber bullying

\_\_\_\_\_ Trusted adult

\_\_\_\_\_ Predator

\_\_\_\_\_ Spies/Cookies

\_\_\_\_\_ IP address (InterNet Protocol address)

\_\_\_\_\_ Download/Upload

- A. Real-time group communication over the InterNet, often includes discussion of common interests.
- B. May target users online, lying about his/her own identity and age. Often frequents “commenting” areas to target likely victims and develop *friendships* and common interests. May use gifts, such as CDs and games, to attract interests of users.
- C. HUGE network of millions of computers from all over the world.
- D. Small file that is dropped onto your computer by some web sites to store/collect information without your knowledge.
- E. Private, real-time text conversation between users.
- F. Someone responsible for helping to protect you and keep you safe. You should be willing to tell this person everywhere you go on the Net.
- G. A way to move quickly, with a single mouse click, from one place to another on the Net. Can be dangerous to the security of your computer.
- H. Accepting information onto your computer or sending information from your computer to the InterNet.
- I. Sending or posting harmful or hurtful text or images using the InterNet or other communication devices.
- J. The identification number of your computer on the InterNet.
