

# GIS USERS OF NORTHERN OHIO

The **GIS USERS OF NORTHERN OHIO** (GUONO) is an informal group that promotes geographic data sharing, encourages data standardization, and provides a network for the exchange of technical information between all GIS users. Our goals include developing a forum for open discussion of GIS issues and encouraging personal communication between GIS users of all skill levels in the public, private, non-profit and educational sectors.

## Mark your calendar and join us:

Thursday, June 28<sup>th</sup>, 2012 from 1:30 – 3:00 at The Utilities Learning and Business Center, 1981 Blasé Nemeth Road, Painesville, 44077. Google maps the address incorrectly. Here is a link to the location:

<https://maps.google.com/maps?hl=en&ll=41.756517,-81.198728&spn=0.001633,0.00239&t=h&z=19>

## Presentation: What's new with ArcGIS 10.1?

**By: Eric Rodenberg and Anna Sokol**

ArcGIS 10.1 will make it simpler to put mapping and geospatial analytics into the hands of more people without requiring that they be GIS experts. Please join us for this user group where we'll provide an overview of the enhancements to ArcGIS Desktop and ArcGIS Server. ArcGIS 10.1 promises to be an exciting release, one that allows ArcGIS users to easily deliver any GIS resource, such as maps, imagery, geodatabases, and tools, as a web service showing how cloud computing will play an increasingly critical role in how users get their work accomplished.

**NOTE THE ALTERNATIVE LOCATION FOR THIS MEETING!!**

Best Regards,

Dick Kotapish, GISP  
GIS Director
