

# GIS USERS OF NORTHERN OHIO

The **GIS USERS OF NORTHERN OHIO** (GUONO) is an informal group that promotes geographic data sharing, encourages data standardization, and provides a network for the exchange of technical information between all GIS users. Our goals include developing a forum for open discussion of GIS issues and encouraging personal communication between GIS users of all skill levels in the public, private, non-profit and educational sectors.

### **The Current State of the Global Aerial and Satellite Industry**

**By:** Shawana Johnson, GISP, President Global Marketing Insights, Inc.

Come and learn about the Current State of the Global Aerial and Satellite Industry (new satellite and aerial capabilities) including the pending Commercial Satellite Resolution Restriction Changes based on the National Defense Authorization Act – 2012. The research overview for the Resolution Restriction change, completed by GMI, was briefed at the White House and Pentagon by Dr. Shawana P. Johnson, in September, 2012.
