

## **STORMWATER ENGINEER**

The Lake County Stormwater Management Department is now accepting resumes for a Stormwater Engineer. Applicants must have a Bachelor's degree in civil or environmental engineering. A registered Engineer Intern or registered Professional Engineer in the State of Ohio is preferred.

Applicants with experience in drainage and stormwater systems are preferred. Knowledge and understanding of Ohio EPA Rules and Regulations relating to stormwater systems is a plus. Applicants should be familiar with current construction practices and procedures and be able to read and understand maps and blueprints. Applicants proficient in Excel spreadsheet, Word document, Auto CAD and GIS software are preferred.

This position will include evaluation, planning and management of construction projects. This position requires multi-tasking, problem solving, working with various teams and good public relation skills. The successful applicant must be self-motivated and goal oriented. A valid Ohio driver's license and a drug screening are required. Salary will be commensurate with experience and licensing. Position will remain open until filled. Send resumes to Kelly Andino, Human Resource Administrator, 105 Main Street, Painesville, Ohio 44077 or [Kelly.Andino@Lakecountyohio.gov](mailto:Kelly.Andino@Lakecountyohio.gov).
