On a motion of Commissioner Troy, seconded by Commissioner Aufuldish, the foregoing resolution was adopted with the vote as follows: "AYES": Commissioners: Aufuldish, Sines and Troy "NAYS": None

UTILITIES: Randy Rothlisberger, Water Systems Director gave an update on the industrial fire at Hardy Road Technologies. The Lake County Utilities Department was a big part of the water supply, providing an approximate 4 million gallons of treated and non-treated water from a line directly from Lake Erie. The Utilities Department had several employees on site the entire time to coordinate the pumps. The water was mainly used to keep the grease and oil fire from spreading, and eventually the fire was put out with a foam that takes the oxygen out of the air and water. The wastewater department became involved to keep the toxic foam substance out of the system because it could deplete the oxygen and be disruptive to the wastewater treatment plant.

- Brief discussion that Hardy Road Technologies will be charged for the wastewater discharge. Hardy Road Technologies is a large customer of the Utilities Department and there is a rate structure set up for the discharge, which is metered. Regarding the water charge, everybody that has an onsite fire line pays a quarterly charge.

Al Saari, Sanitary Engineer gave results of a bid opening from Wednesday, October 17, 2012 for East 332nd Street/Barbara Avenue/Louis Drive/Alva Street Waterline Replacement - No. 330-W as follows:

Engineer's Estimate - \$1,205,000.00

Received (6) bids

High Bid was \$1,303,439.50, which is about 8% above the engineer's estimate.

Low Bid was Fabrizi Trucking at \$1,047,345.00, which was 13% below the engineer's estimate. Fabrizi Trucking has done several projects recently for the county.

STORMWATER: None

JOB AND FAMILY SERVICES: None

COUNTY ADMINISTRATOR: None

FINANCE: None

CLERK: None

LEGAL: None

OLD BUSINESS: There was no old business.

NEW BUSINESS: There was no new business.
