CALL TO ORDER: Commissioner Sines called the meeting to order at 2:03 pm, Tuesday, December 20, 2011.

ROLL CALL: Upon the roll being called all were present.

APPROVAL OF MINUTES: Upon a motion by Commissioner Troy, seconded by Commissioner Aufuldish, the minutes of the meeting of December 15, 2011, were approved as follows:

"AYES": Commissioners: Aufuldish, Sines and Troy "NAYS": None

OPEN TO THE PUBLIC: Commissioner Sines asked if anyone in the audience wished to address the Board.

Daniel Nicholson, 365 Riverside Drive, Painesville addressed the Commissioners about money the city has received from the federal government to buy the Millstone property, which suffered from the flood of 2006, and turn it into a park. The court fees for the partition sale will be \$1,000 per owner. There is a request for the court to waive these fees. Mr. Nicholson requested if the judge waive these fees that the county not object to this decision.

- The Commissioners indicated that the county or the sheriff can not waive these fees and if the judge makes the decision to waive these fees it may not be an option of the Commissioners to disagree with this ruling.

Chris Hodges, Solid Waste Coordinator: This is a five year update for a 15-year plan. The plan has been reviewed with the state and it is compliant at this point. The Solid Waste District Policy Committee has reviewed the plan and is in approval. We are awaiting for any ratifications and approvals from 23 communities. A final draft will be submitted to Ohio EPA next spring for final acceptance.

Commissioner Troy: This plan is required by law and is to make sure that every citizen in Ohio is part of a solid waste district. It is the job of the Solid Waste Policy Committee to submit a plan every five years indicating how that district intends to deal with disposal of solid waste over the next 15 years. And, to indicate what steps are being taken to reduce the amount of solid waste in our landfill. We are probably looking at 50 to 75 years of capacity that we still have at our landfill. We appreciate the cooperation of the communities and their commitment to recycling.

This will be built on the fact that the revenue forecast for the year is pretty slim. There needs to be an understanding with our departments that even though it is temporary it will be very lean and it is not going to be business as usual. We will see how we finish the year in terms of a carryover.
