Automobile Title Information

County of Residence

You may apply for a Certificate of Title in any of Ohio's 88 counties. State I.D. or Drivers License is required. Taxes are calculated and paid to buyer's county of residence.

When You Buy a Car

- Never make any alterations or erasures on a Certificate of Title. If done, the Title becomes null and void and a replacement will be needed. Do not fill in any part of the assignment or application on the reverse side unless it is done in the presence of Notary Public, Deputy Clerk or other individual with power to administer oaths. All signatures must be notarized.
- If two names are to appear on the Title, both signatures and social security numbers are required for all transactions in the state of Ohio. It is required that a State I.D. or Ohio Driver's License (showing county of residency), be presented to the Title Office at time of transfer. Your Certificate of Title must be processed within 30 days after the assignment or you will be subject to a fee of \$5.00.
- Always inspect any automobile you buy, checking that the Serial Number corresponds with the Number on your Certificate of Title. A Federal Odometer Statement is required for vehicles less than 10 years old.

When You Sell Your Car

- Do not execute the assignment on the reverse side of the Certificate of Title until the sale has been completed. Make certain that the buyer's full name and address is inserted before you sign the assignment. Initials are not acceptable. Full legal name (no nicknames) is required.
- The seller must provide a Federal Odometer Statement.

Memorandum Certificate

You cannot transfer ownership of an automobile with the Memorandum Certificate of Title (white copy). It is issued only for the purpose of obtaining License Plates when the Original Title is held by the lien holder.

Duplicate Titles

If the Original Title is lost, stolen or destroyed, you may obtain a Duplicate Certificate of Title.

When You Have a Mortgage On Your Car

- If you apply for a loan using your car as collateral, always insist upon getting a Memorandum Certificate of Title with which you can obtain license plates.
- Upon satisfaction of your mortgage, you should receive the original certificate of title from the bank or finance company.

- If the bank is an electronic lienholder, you must apply and pay for an original title after the lien is properly discharged and cancelled by the Clerk of Courts.

ATVs/Off-Road M/C

All ATVs/off-road motorcycles require titles.
