Veterans Priority of Service

Priority of Service means, with respect to any qualified job training program, that a covered person shall be given priority over a non-covered person for the receipt of employment training and placement services provided under the program. Priority means the right to take precedence over non-covered persons in obtaining services. Veteran priority of service is federally mandated and includes: Wagner-Peyser, Workforce Investment Act, Senior Community Service Employment, National Emergency Grant, Trade Adjustment Assistance, and others programs.
