June 12, 2006

To the Board of County Commissioners and
the Citizens of Lake County:

As the Auditor of Lake County, I am pleased to present the 2005 Comprehensive Annual Financial Report for Lake County. I believe that this report provides a full and complete disclosure of the financial position and operations for the year ended December 31, 2005. My office believes that the data herein is accurate in all respects and includes all disclosures necessary to enable the reader to gain a maximum understanding of the financial affairs of Lake County.

This report demonstrates the commitment of the Auditor's Office and the management of Lake County to provide Lake County citizens and other interested parties with the most complete and accurate financial statements and disclosures.

The preparation of this report could not have been accomplished without the efforts of Joseph Dowd, Chief Deputy Auditor and Manager of Financial Reporting in the Auditor's Office. I wish to thank Joe for his dedication to this project.

I also wish to thank the entire staff of the Lake County Auditor's Office, the accounting and financial personnel of all other County departments and the various elected and appointed officials of Lake County. This report is a product of all of their combined efforts and cooperation. I ask for their continued support and cooperation in future years.

Sincerely,

Edward H. Zupancic
Lake County Auditor
Lake County, Ohio

Honorable Edward H. Zupancic
Lake County Auditor

Honorable Robert E. Aufuldish
Honorable Raymond E. Sines
Honorable Daniel P. Troy
Lake County Commissioners

Honorable John S. Crocker
Lake County Treasurer

Citizens of Lake County:

I am pleased to present Lake County's Comprehensive Annual Financial Report for the year ended December 31, 2005. To the best of my knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the County.

Responsibility for the accuracy, completeness and fairness of the presentation, including all disclosures, lies with the management of Lake County and, in particular, the Lake County Auditor's office. All disclosures necessary to enable the reader to gain an understanding of the County's financial activities and status are included.

This is the nineteenth consecutive Comprehensive Annual Financial Report issued by the Auditor's office. The report is prepared in accordance with Generally Accepted Accounting Principles, as set forth by the Government Accounting Standards Board (GASB) and other authoritative sources, and the guidelines set by the Government Finance Officers Association (GFOA).

The Comprehensive Annual Financial Report (CAFR) is presented in three sections, which are identified as follows:

The **Introductory Section** includes a table of contents, the transmittal letter, the Certificate of Achievement for Excellence in Financial Reporting for 2004, a list of all elected county officials and organizational charts for the Lake County government and the Auditor's Office.

TRANSMITTAL LETTER

The **Financial Section** includes the Independent Accountants' Report, Management's Discussion and Analysis (MD & A), the basic financial statements and notes to the financial statements that provide an overview of the County's financial position and operation results, the combining statements for nonmajor funds and other schedules of individual funds that provide detailed information relative to the basic financial statements.

The **Statistical Section** includes various historical, financial, economic and demographic information that may be useful for further analysis and comparisons.

REPORTING ENTITY

Lake County (the County), located in northeastern Ohio along the southern shore of Lake Erie, encompasses 23 municipalities, villages and townships. The County was first organized in 1840 and includes 231 square miles and approximately 227,000 residents, based on the results of the 2000 Census. The County seat is located in the City of Painesville, Ohio.

The County's greatest asset is its location on the shores of Lake Erie. The County also boasts numerous cultural and recreational attractions including Headlands Beach State Park - the longest in Ohio, Chagrin River Harbor, North Chagrin Reservation and Squire's Castle, Holden Arboretum, Chalet Debonne Vineyard - the second largest vineyard in the State, the Indian Museum of Lake County, the Marine Museum and Lighthouse, Lake Farmpark, "Lawnfield" - the home of President James A. Garfield, Lake Erie College Equestrian Center, the Mentor Marsh and Classic Stadium which is home to the Lake County Captains, the Cleveland Indians Class A baseball farm club. In addition, County residents and visitors can take advantage of nearly 5,800 acres of parkland and twenty-nine parks and facilities operated by Lake Metroparks, the County's Park District. The Chagrin and Grand Rivers flow into Lake Erie at Lake County. Golf enthusiasts can be satisfied by the numerous golf courses located throughout the County. A variety of annual recreational events attract visitors from all over, including Vintage Ohio – a wine and food festival and the Lake County PerchFest.

The County is served by diversified transportation facilities, including immediate access to fifteen State and two U.S. highways and interstate highways 90 and 271. The County is served by Conrail, Amtrak and the Norfolk and Southern Railroads. Laketrans, the County's regional transit authority, provides both fixed line and on-demand bus service to all county residents. The American Public Transportation Association awarded Laketrans, with its 2005 Outstanding Public Transportation Achievement Award which recognizes transit systems for a "demonstrated achievement in efficiency and effectiveness" based on qualitative measures including safety, customer service, financial management, operations, marketing, administration and community relations.

TRANSMITTAL LETTER

The Willoughby Lost Nation Airport and Casement Airport in Painesville Township are located in the County to serve private aircraft. The Cuyahoga County Airport, which also serves private aircraft, is located along the western border of Lake County. The Cleveland Hopkins International Airport, located approximately 30 miles west of the County, serves the County with regularly scheduled carriers. The County is also served by over 100 trucking firms, which distribute goods nationwide. Commercial and industrial businesses can also utilize the dock facilities of the Fairport Harbor Port Authority in the Village of Fairport Harbor.

The County is directly served by Lake Hospital System, Inc., an acute care hospital system with facilities located in the Cities of Painesville, Willoughby, Madison and Mentor. The hospital system boasts diagnostic, surgical and cancer research centers which have been constructed in recent years. Educational services are provided by the various school districts within the County, as well as Lakeland Community College, Lake Erie College and a branch of Tiffin University, all located within the County. Several other public and private colleges and universities are located outside the County but within commuting distance. The County is home to two local radio stations and one daily newspaper with circulation extending beyond County borders.

Ohio statutes impose the legislative, financial and judicial powers of the County. The legislative body of the County is comprised of a three member Board of County Commissioners, with each member elected at large for overlapping four-year terms. The Board of Commissioners serves as the taxing authority, the contracting body and the chief administrators of public services for the County. The Board of Commissioners creates and adopts the annual operating budget including all appropriation measures and approves all expenditures of all County funds. In addition to the Board of Commissioners, the offices of the County Auditor and County Treasurer perform various financial functions of the County government.

The County Auditor, who is elected to a four-year term, serves as the chief fiscal officer for the County and the tax assessor for all political subdivisions within the County. As the chief fiscal officer, no contract or obligation involving the County can be made without the Auditor's certification that appropriations are sufficient and that funds are available, or in the process of collection, to ensure that the contract or obligation can be paid. The Auditor is also the central disbursing agent of the County, who, by the issuance of county warrants, distributes funds to creditors in payment of liabilities, including payroll, incurred by the County and its departments.

As tax assessor, the Auditor is responsible for establishing the tax rates for real estate, personal property and manufactured homes. Once these taxes are collected, the Auditor is responsible for distributing tax collections to the other governmental entities in accordance with legally adopted rates. In addition to these duties, the Auditor serves as the secretary of the Board of Revision and the Budget Commission, is the administrator of, and secretary to, the County Data Processing Board, and is a member of the Geographic Information Systems (GIS) Board.

TRANSMITTAL LETTER

The County Treasurer, also elected to a four-year term, is the custodian of all County funds. The Treasurer is responsible for the investment of all idle County funds, as specified by Ohio law. The Treasurer is also responsible for collecting all tax monies and applying those payments to the appropriate tax accounts. The two offices perform daily reconciliations of the total County fund balances of the Auditor and the Treasurer, and reconciliations on a fund-by-fund basis are prepared monthly. The Treasurer, the Auditor and the County Prosecutor comprise the County Budget Commission. The Budget Commission plays an important function in the financial administration of the County government and all other local governments within the County. Other elected officials serving four-year terms include the Prosecutor, the Engineer, the Recorder, the Sheriff, the Clerk of Courts, the Coroner and seven Common Pleas Court Judges.

The County government offers a wide range of services to its residents including, but not limited to, general government, public welfare, social services and public assistance, civil and criminal justice system administration, road and bridge maintenance services, health and other administrative support services. In addition, the County's Department of Utilities operates a water distribution system, a wastewater collection system, a solid waste disposal system and a solid waste recycling program.

For financial reporting purposes, the County includes all funds, agencies, boards and commissions that comprise the "financial reporting entity" in accordance with the Governmental Accounting Standards Board (GASB) Statement No. 14. The financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Note A to the basic financial statements provides a more detailed discussion of the County's financial reporting entity.

In accordance with GASB Statement No. 14, Deepwood Industries, Inc. (the Workshop) is included in the County's financial reporting entity as a component unit. The Workshop is a non-profit corporation established to provide employment for consumers of the Lake County Board of Mental Retardation and Developmental Disabilities (Board of MR & DD) enrolled in the Adult Services Workshop Program and CLEO Supported Employment Program. The Board of MR & DD provides the staff facilities and support services necessary for the implementation of the programs offered by the Workshop. The Workshop generates its revenue from the sale of goods.

The County Auditor serves as the fiscal officer and custodian of funds, but the County is not financially accountable for the Lake County General Health District and the Lake County Soil and Water Conservation District, whose activities are included in this report as agency funds.

TRANSMITTAL LETTER

ECONOMIC CONDITION AND OUTLOOK

Lake County, the smallest geographical county in the State of Ohio, is located about 30 miles east of Cleveland, along the southern shore of Lake Erie, and is considered part of the Greater Cleveland metropolitan area. The County is in the Cleveland Primary Metropolitan Statistical Area (PMSA), along with Ashtabula, Cuyahoga, Geauga, Lorain and Medina counties, which was the sixteenth largest PMSA out of the total of seventy-four PMSA's in the United States, per the 2000 U.S. Census. The County's 2000 Census population of 227,511 placed it as the eleventh most populous of the State's eighty-eight counties.

Lake County is fortunate to have a much diversified economic base consisting of chemical manufacturing and research, wire and wire mesh products, plastic and plastic products, custom machinery, health care, nurseries and government. The County can be divided into several distinct industrial, commercial and residential areas. The western third of the County is highly developed with industrial and commercial corporations and contains some of the County's more "established" residential neighborhoods. The northeastern coastline is the home of the County's shipping industry and some of its finest recreational activities. The eastern and southeastern sections of the County have seen major increases in residential development but still have large rural areas within them. The central portion of the County, namely the Cities of Mentor and Painesville, boast the County's retail hub and government seat, respectively.

For several years now, Lake County has experienced significant retail growth, in terms of both retail sales and in new construction of retail establishments. However, Lake County's retail vacancy rate increased from 3.8 at the end of 2004 to 4.9 percent at the end of 2005, according to a market analysis conducted by C. B. Richard Ellis Co. The study covered the Greater Cleveland area and included 425 shopping centers or freestanding buildings with 50,000 square feet or more of retail space in eight Northeast Ohio counties. Lake County's vacancy rate still compared favorably to the entire area included in the study which covered seventy-four million square feet of retail space within Cuyahoga, Geauga, Lake, Lorain, Medina, Portage, Stark and Summit counties. While the vacancy rate increased in 2005, the Lake County retail market has worked off much of the volume of empty stores that developed during the recession and made the vacancy rate peak at ten percent in 2003. The retail occupancy rate for the City of Mentor, Lake County's retail hub with approximately 2.8 million square feet of retail space, was at ninety-six percent in 2005. According to a report by the City of Mentor's Community Development Department, the city is the sixth largest retail market in the state, ranking behind the much larger cities of Columbus, Cincinnati, Toledo, Cleveland and Akron.

Lake County, with the Great Lakes Mall in the City of Mentor as its retail hub, is home to many retail giants such as Kaufmanns, K-Mart, Wal-Mart, Kohl's, Dick's, Best Buy, Circuit City, Target, Tops Supermarkets, Giant Eagle Supermarkets, Home Depot, Lowe's, Office Max, Walgreens, CVS, Regal Cinemas, Sam's Club and B.J.'s Wholesale Club, several of whom have multiple locations within the County and have built new stores in the County. While some retail establishments have closed their facilities in Lake County in recent years for various reasons, most of the County's "big-box" stores are currently occupied.

TRANSMITTAL LETTER

Several very large retail complexes have been constructed in Lake County in the last couple of years including the Diamond Centre in the City of Mentor and Willoughby Commons in the City of Willoughby. Several more retail developments are currently under construction or are on the planning table. One of those is the Shamrock Business Center situated on 300 acres overlapping the Cities of Mentor and Painesville, which includes 700,000 square feet of retail space and 800,000 square feet of light industrial space, a hotel/conference center and some residential development. The whole complex could take an estimated ten years to complete construction.

Another proposed development in the City of Willoughby is dubbed Chagrin River Walk. Located on twenty-six acres along the east bank of the Chagrin River, just east of downtown Willoughby, the developer of this property is proposing a \$50 million retail, office and residential complex. The development would comprise as many as six buildings which will share a Georgian-style design. In total, the complex would entail 75,000 square feet of retail space, 100,000 square feet of office condominiums on the second floors of the retail buildings, and more than 100 units of rental apartments and condominiums ranging in price from \$200,000 to \$400,000. A high-end salon has committed to move into the complex and the company is searching for upscale retailers and restaurants as well. The developer hopes to begin construction sometime in 2006.

In recent years, major retailers such as Lowe's Home Improvement, Giant Eagle Supermarkets and Tops Friendly Supermarkets have constructed and opened brand new stores within the County. Wal-Mart Stores, Inc. opened a new 203,000 square foot Wal-Mart store on thirty-five acres in Madison Township in January of 2006. This new store, which cost \$13.5 million and employs several hundred people, increases the company's presence in Lake County, which was already significant with its stores in the cities of Mentor and Eastlake. This is in addition to its 135,000 square foot Sam's Club on 16.2 acres in the Diamond Centre shopping center in the City of Mentor which opened in 2004. Also added to the Diamond Centre complex during 2005 was a new Ruby Tuesday restaurant. Target is planning on breaking ground in late 2006 on a new store in Mentor at the site of a former car dealership that closed in 2005.

Within the last few years, the City of Willoughby has become home to several new sit-down and fast-food restaurants. Restaurant chains Eat'N Park, Cracker Barrel and Texas Roadhouse have each built new restaurants recently, all at the same location. The site is near the point where three major highways converge; hence it is a high traffic area that can support that many eateries. Renovation began in late 2005 at the former site of Home Town Buffet in Willoughby to house a new International House of Pancakes restaurant which opened in early 2006. Also in that city, Bob Evans Restaurants demolished and rebuilt a brand new, slightly larger restaurant on the southern boundary of the city during 2005. Chipotle Mexican Food opened a new fast-food location in Willoughby at the site of a former Blockbuster Video store.

TRANSMITTAL LETTER

Grist Mill, a commercial and office complex in Concord Township has really begun to take shape in the last few years. This area, where State Route 44 and Interstate 90 intersect, is home to a new 27,000 square foot Reider's grocery store, Chardonnay's Hair Studio and Wellness Spa, a Century Bank branch, doctor and dentist offices and a Waffle House restaurant. AmeriHost Inns opened a brand new 29,000 square foot, 55-room inn on 1.8 acres nearby in Concord Township. The three-floor complex features an indoor swimming pool, a small workout room, a business center with high-speed online accessibility and thirteen rooms with whirlpools. The hotel is attempting to attract value-oriented patrons by pricing their nightly rates a bit more moderate as compared to the larger hotel chains. In addition to these new retail establishments in that area, Lake Hospital System plans to break ground in 2006 on a new \$125 million, high-tech, 125 bed facility near this location. The expected completion date for this facility is sometime in 2009.

Ground was broken in October of 2003 on Lakeview Bluffs, a combination commercial and residential development in Painesville Township, Painesville City and Fairport Harbor Village. Built on the former Diamond Shamrock Company property, which was formally declared as a Brownfield site years ago, this 1,100-acre site will be restored to a viable, and valuable, piece of property in the County. Included in the plans for this \$500 million redevelopment is a mix of single-family homes, townhouses, condominiums, a hotel, commercial vineyard and winery, a golf course, and a 350-acre nature preserve. This development will take several years before it is complete but it is hoped to become the national model for successful Brownfield redevelopment.

In the City of Willowick, construction has begun on nearly 400 condominiums and single-family homes along with a new performing arts center and an outdoor amphitheater on the Lake Erie shoreline in their community. This development required the demolition of a portion of the Shoregate Shopping Center and the North Shore Mall to make way for the housing developments. A good portion of the retail space in these facilities had been vacant for several years, so the property is being developed for residential purposes.

Another commercial/residential development which commenced during 2005 is in the City of Painesville on 300 acres along State Routes 2 and 44. The site includes a residential district featuring a luxury apartment complex, townhouses, 600,000 square feet of commercial space, sixty-six acres of industrial real estate and a park. In the far eastern area of the County, two local County business owners have submitted construction plans for a new sixty-four bed Comfort Suites hotel in Madison Village. The all-suite, three-story hotel will feature a swimming pool, conference and board rooms, and whirlpool spa suites and will cost an estimated \$3.5 million.

In the last fifteen years, the County and its municipalities have been utilizing tax abatement incentives in attracting new businesses to relocate to the County or expand existing facilities within the County. Businesses that were granted abatements benefited because their property tax liability was reduced and the political subdivisions, and the County as a whole, also benefited because of the increase in the tax base for years to come. In addition, in some cases additional jobs were generated, thereby generating additional income tax revenue for the local municipalities and some school districts. While property tax abatement still remains a viable source of retaining industrial,

TRANSMITTAL LETTER

commercial and retail businesses in the County and encouraging new development, some Lake County municipalities have been migrating from property tax abatements to other innovative methods of securing new businesses to their locales in recent years. Programs such as “incentive grants” are based upon new payroll taxes generated from businesses relocating or expanding to local municipalities.

The City of Mentor recently utilized an “incentive grant” to entice the Avery Dennison Corporation, a Fortune 500 company with \$5.3 billion in sales, to construct its worldwide adhesive roll materials headquarters in their City. The move was necessitated because Lake Hospital System owns one of the two buildings that Avery currently occupies and the hospital system needed the property to pave the way for their new facility which was discussed previously in this letter. The company, which has multiple locations in Lake County, will also be leaving its current Concord Township location so that it can expand its headquarters. This relocation will bring to Mentor a new \$40 to \$50 million complex which will include an 180,000 square foot, four story office and laboratory building, a 29,000 square foot research and development facility and a 25,000 square foot pilot coater facility to act in conjunction with the research lab. Groundbreaking took place in September of 2005 on the new complex which will be located on fifteen acres of land in the new 380-acre Newell Creek Preserve, a unique multi-use development of both commercial and residential properties. While the City’s incentive grant entitles the company to discounted city income taxes for a fifteen year period, the company will be paying significant real and personal property taxes to the City and the Mentor Exempted Village School District.

Industry is a vital source of income and jobs to the County. While the County has more retail commerce and small companies rather than major manufacturing companies, Lake County is appealing to industries because of the infrastructure, availability of water and other utilities, access to the freeways and a well-educated work force. According to the Cleveland based firm of Colliers International, the seven-county Northeast Ohio region is the ninth largest industrial region in the nation with its 330 million square feet of industrial space. The Lake/Geauga County market had an 11.0 percent vacancy rate at the end of 2004 (latest report available) which was slightly higher than the 2003 rate of 10.9 percent. About 1.9 million square feet, or 16.0 percent, of industrial space in Mentor is empty. Of that figure, more than 1.2 million square feet is taken up by three “industrial dinosaurs” which were very large industrial manufacturing facilities years ago, each of which now have over 350,000 square feet of space available. City of Mentor officials are considering the merits of designating these areas as a Foreign Trade Zone in order to provide more opportunities to utilize these vacant buildings.

The majority of the County's industrial facilities are in the western half of the County. However, the City of Painesville and Perry Township, which is located in the northeast area of the County, have been busy developing and promoting their own industrial parks. The first significant industrial development in Perry Township is the Wind Point Reserve Industrial Subdivision. This development is a joint effort between Perry Township, Perry Village and North Perry Village with the Perry School District also involved.

TRANSMITTAL LETTER

The City of Painesville, and Lake County, received some very positive news in July of 2005 when Coe Manufacturing announced its plan to invest \$12.9 million to consolidate its U.S. manufacturing operations in Lake County. The company will move its engineered wood products production line from the state of Oregon to Painesville. In June of 2005, the Ohio Tax Credit Authority approved a sixty percent job creation tax credit that will save the company a total of \$722,843 over a seven year period. This credit helped pave the way for the company's consolidation plans, which will bring up to 146 new jobs and retain 94 existing positions in Painesville. Coe, which has been located in the City of Painesville for over 150 years, plans to add \$11.9 million in new equipment and \$660,000 in building renovations.

Mentor-based Steris Corporation, a provider of infection and contamination prevention systems and products made news in the area as well during 2005. The company, one of the County's largest employers, used its vaporized hydrogen peroxide technology to rid a hospital and ambulances in Mississippi and Louisiana of contaminants left behind as a result of Hurricane Katrina.

While supposedly in the works for several years, one very interesting development proposal was made public during 2005. A proposed ferry service between Grand River Village in Lake County and Ontario, Canada has been discussed with village officials and its proponents. Under this proposal, ferries carrying passengers and freight would cross Lake Erie from Port Burwell in Canada and would arrive in Grand River in two and one-half hours. That would significantly reduce the time it would take trucking companies to cross the U.S.-Canadian border with the estimated \$80 million worth of freight that arrives in Ohio from Canada on a daily basis. This concept is still very much in its infancy stage with funding being a possible major stumbling block to it becoming a reality.

The County is very proud of its own park district, Lake Metroparks. As previously mentioned, the park district is serving the County well in providing the residents with a quality park system which is expanding annually while continuing to furnish superior recreational programs and activities. In recent years the park district has purchased or acquired additional land in a continuing effort to expand and improve the County's recreational facilities. Currently, the park district has over 5,800 acres of property and operates twenty-nine facilities. In 2003, the parks district boasted over 2.7 million visitors to its facilities. One of Lake Metroparks newest additions is a canoe/kayak landing on the north side of the Grand River, on a 14.5 acre site in Fairport Harbor Village.

In addition to the attractiveness of the Lake Metroparks system, the County also boasts that it is home to the Holden Arboretum, the largest arboretum in the United States. The Arboretum, which purchased an additional forty-one acres of property in the last couple of years, is a symbol of the beauty of Lake County and the "western reserve" region. The mission of the Holden Arboretum is to connect people with nature for inspiration and enjoyment, foster learning and promote conservation.

TRANSMITTAL LETTER

In recent years, the County has benefited from real estate development in other recreational-type complexes. Little Mountain Golf Course, an \$8.5 million course on a 248-acre piece of property in Concord Township, opened in 2000 and was recently awarded a five-star rating from Golf Digest Magazine. Only seventeen courses in the United States, Canada, Mexico and the Caribbean received this highest honor. In addition to the golf course, the complex features over seventy single-family homes on one to four acre lots valued around \$500,000 each. The Reserve at Thunderhill in Madison, another highly rated course, has been enhanced with \$3 million in renovations including a new clubhouse in recent years. The City of Willoughby has plans to redesign/renovate the Gilson Park baseball fields and park area and add a “water spray” park as an alternative to the City’s two public swimming pools. The County also boasts the largest in-line bowling center in the U.S. which is Freeway Lanes in the City of Wickliffe.

In the medical field, Lake Hospital System completed a \$10 million expansion to its LakeWest Hospital facility in the City of Willoughby during 2004. The 75,000 square foot addition features high-tech medical office space and the Center for Sports Medicine and Rehabilitation, a new state-of-the-art facility offering a broad range of services for injured athletes, surgery and stroke patients and accident victims. The new wing will also house medical office space for those physicians specializing in orthopedics, urology, ENT, dermatology and thoracic and cardiovascular medicine. Additional space was also provided for perioperative, outpatient and rehabilitation services. The addition was built with cutting-edge technology and includes infrastructure to accommodate a four-floor patient bed tower which will be built in the future.

The Lake Hospital System has spent more than \$190 million on new construction and equipment system-wide since 1985. Recent expansions include a \$3.3 million addition for its emergency room and outpatient services at LakeEast Hospital in the City of Painesville. This expansion increases the emergency room capacity from 20 to 28 beds. The expansion at LakeEast will help the hospital system keep some services at the Painesville location when it moves LakeEast to the new \$50 million complex it plans to build on a 30 acre parcel in nearby Concord Township, as previously mentioned. That new facility is expected to open in 2010.

Recently a national study ranked Lake Hospital System among the top five percent of hospitals in the nation for overall clinical performance and cardiac care. As a result, the hospital system received HealthGrades’ 2006 Distinguished Hospital Award for Clinical Excellence and their 2006 Cardiac Care Excellence Award. In 2005, Lake Hospital System was named to Solucient’s 100 top hospitals in the nation, based upon studies conducted by the company on patient care, length of stay, expenses, profitability and other categories.

Residential development in Lake County during 2005 added an additional \$218.0 million to the real estate tax base in the County. This mark exceeded the previous all-time high of \$202.2 million established in 2004. This record level, especially in a struggling economy, discloses the desirability of Lake County for homeowners. The municipalities experiencing the largest residential growth in 2005 include Concord Township (\$54 million), Painesville Township (\$27 million), the City of Mentor (\$25 million), the City of Painesville (\$18 million), Madison Township (\$15 million) and the City of Willoughby (\$13 million).

TRANSMITTAL LETTER

Unlike many of the current low economic trends in the country, new housing starts have continued to show a steady growth in Lake County communities. Some of the County's most recent and larger residential developments that were proposed, started and/or completed in 2005 are as follows:

18th Century Village: Twenty-seven single family home lots are in this Concord Township subdivision. Most of the lots range from one-third to one-half acres with sale prices exceeding \$100,000.

Lake Erie Shores: Most lot sizes in this fifty-four lot subdivision located in Painesville Township are approximately one-quarter of an acre.

Larimar: An upscale development along the Lake Erie shoreline in the City of Willowick, plans call for twenty single-family, three five-story mid-rise buildings with twenty-seven units each overlooking the lake, sixty two townhouses, two mansions with four units each and two carriage houses.

Huntington Woods: This Madison Village subdivision has fifteen sub-lots starting at one-half acre in size with sale prices starting at \$60,000.

Marshview Landing: Located in the City of Mentor, this development will be the City's first gated community, with 184 homes on 81 acres with prices upward of \$250,000.

The Nature Preserve: One of the largest developments currently in progress in the County, this Concord Township subdivision will house one hundred single-family homes.

Newell Creek Preserve: Previously known as Woodnorton, this huge development on 380 acres in the City of Mentor, would feature over five hundred single-family homes and condominiums. The unique residential and commercial development will consist of 770,000 square feet of office space and 220,000 square feet of retail space. Over fifty percent of the entire development will be undeveloped green space. Actual development of this site could span over ten years and it would be the largest single development ever in Lake County. Fully built, the project would be valued at an estimated \$250 million. As previously noted, the Avery Dennison Corporation has begun constructing its world headquarters at this location.

Shepherds Glen Condominiums: Eighty-four condos, with sale prices \$250,000 and greater, will be built in this development in the City of Willoughby.

Shorelands Crossing: Located in the City of Willowick at the former site of the Shoregate Shopping Center, this subdivision will include forty-seven duplex ranches and sixty single-family homes.

TRANSMITTAL LETTER

The Woodlands: This subdivision in the City of Willoughby will contain 124 single-family homes within this forty-five acre subdivision. Appropriately named, deed restrictions require that this subdivision be developed under woodlands conservation guidelines. The initial phase of this development, which is nearly completed, contains thirty-eight lots with most at .3 acres in size. Phase two will have another thirty-eight lots of similar size. Lot prices average \$80,000 to \$85,000 with most home sale prices around \$300,000. Infrastructure for phase three, the last phase of the subdivision, was installed during 2005.

Willoughby Crossing: Ninety-eight detached multi-family condominium units, just east of the Lost Nation Golf Course in the City of Willoughby, are planned for this development.

While the County has been benefiting from the fairly steady residential, commercial and industrial growth in recent years, there has been a concerted effort taken to preserve and protect the County's natural waterways, parks and wetlands. Lake County is unlike other areas of agricultural use. The County is blessed with unique soil and climate and, most importantly, the availability of water. As a result, the County is home to over one hundred nurseries which generate an estimated \$90 million in wholesale sales each year. Groups such as the Lake County Farmland Preservation Task Force, the Grand River Partners and the Chagrin River Watershed Partners, along with the Lake County Soil and Water Conservation District and the County Commissioners, are cognizant of the fact that the County is rich in natural beauty and they are constantly working to protect one of the County's greatest assets.

Recognizing Lake Erie's importance as a major environmental, economic and recreational resource, the County Planning Commission obtained a grant from the Ohio Department of Natural Resources, along with several private donations, to conduct a coastal feasibility study. The purpose of the study is to determine how to properly develop the County's 27 miles of Lake Erie's south shoreline and inland waterways to best serve the residents of the County, as well as all of northeastern Ohio. The study produced a record of current coastal conditions which can serve as a benchmark for future improvements and identifies land patterns and potential opportunities. It also included technical solutions for protecting beaches, bluffs and harbors. Among the potential development projects identified by the study were improvements to the Chagrin River offshore breakwaters and safe harbor access, Mentor-on-the-Lake shoreline protection and potential beach creation, improvements to Mentor Harbor and Fairport Harbor marinas, and Perry Township Park boat launch upgrade and bluff protection. A contingent of thirteen Lake County officials and civic leaders traveled to Racine, Wisconsin in July of 2005 to visit that city's recent shoreline development. The purpose of the visit was to view the site, discuss the challenges that Racine faced and the benefits that their community has received from its endeavor and how Lake County can be positively impacted by such a development.

TRANSMITTAL LETTER

Tourism in Lake County is a very important part of the local economy. Tourism in Lake County generates an estimated 11,500 full-time jobs within the County. With the shores of Lake Erie as its northern boundary and its close proximity to the City of Cleveland, Lake County offers a great deal in terms of recreational, cultural and historical activities. In 2003 (the latest available data), visitors spent some \$493 million in Lake County. The County features annual events such as the Vintage Ohio State Wine Festival which draws 25,000 patrons, the Little Mountain Heritage Festival which attracts 10,000 visitors and 150 vendors and the Lake County PerchFest which attracts fishermen of all ages. According to a study conducted by the Lake County Community Arts and Culture Task Force, arts and culture generate \$30 million a year to the County's economy. Organizations such as the Fine Arts Association, the Rabbit Run Theater, an authentic U.S. barn theater, and the Mentor Performing Arts are among those that provide quality local entertainment as well as some national acts to its stages.

Employment fields in Lake County are very diversified, with manufacturing and trades as the two largest. The service-oriented field is becoming a more popular field each year and is now the third largest employment field in the County. The County's 2005 average unemployment rate of 5.2 percent was a decrease over the 2004 rate of 5.7 percent, which indicates a potential recovery from the nationwide economic recession experienced over the past several years. In comparison, the national and state 2005 average unemployment rates were at 4.9 and 5.9 percent, respectively.

MAJOR INITIATIVES

CURRENT YEAR:

The County Commissioners continued to take a conservative approach in addressing facility improvements during 2005. While the County's General Fund experienced some revenue growth during 2005, the Commissioners elected to address just those facility improvements that were deemed to be of immediate necessity.

A project that began in April of 2002, the County Courthouse Renovation and Addition, was virtually completed in 2005. This project entailed the complete renovation of all floors of the 100 year old Courthouse, as well as the construction of a 17,000 square foot addition to the rear of the Courthouse. Each of the judges received totally renovated courtrooms as well as new staff offices. Included in this mammoth project was the construction of the "Courtroom of the Future" – a first floor courtroom featuring state-of-the-art technology in computer and video equipment. In addition, this \$19 million project included new and/or renovated entrance ways, security stations, a sally port, prisoner holding cells, public restrooms, conference rooms and magistrate hearing rooms. All of these renovations were performed to comply with the Americans with Disabilities Act (ADA) standards. Many changes were required from the original design plans due to building defects in the century old structure, unforeseen prior renovation errors and design changes by the County judges.

TRANSMITTAL LETTER

Renovation of the County Auditor's and County Treasurer's offices continued through all of 2005. In December of 2004, construction began on the complete renovation of the offices for both of these departments, which are located in the County Administration Building. This project entailed the redesigning of the internal floor plans of both departments to provide for greater efficiency of their operations. The replacement of the entire heating and air conditioning systems for both floors of the building was included in this project. A totally new electrical system was also installed, which was desperately needed due to the increased demand for electrical power to support the information technology equipment of these offices.

Phase I of the project was the Auditor's Office on the first floor which was completed in May of 2005. Phase II was the renovation of the Treasurer's Office which began in May of 2005 and was completed when the Treasurer's office moved back into their office in September of 2005. The third and final phase of the project was the renovation of second floor offices most recently occupied by the Lake County Alcohol, Drug Addiction and Mental Health Services Board. This office space has been renovated to house the County Auditor's real estate appraisal division staff which has been located in another County building one block from the Auditor's main office. This project brings the Auditor's entire staff under one roof, thus making it much more efficient not only for the operation of the Auditor's office, but also for the general public. The total estimated cost of this project is \$1.9 million including all construction costs, furniture and new file management systems for all three locations.

In May of 2005, replacement of the entire main electrical system which supplies electrical power to the H.T. Nolan Building was undertaken. The main electrical panels and transformers that service the Nolan Building portion of the County administration offices were removed and replaced. This electrical equipment was over fifty years old and had become a safety hazard. The estimated cost of this project is approximately \$120,000.

In August of 2005, a bid was awarded for replacement of three hundred exterior windows in the Lake County Detention Center (Jail). The original jail windows that were installed in 1988 had significant rust and were in very poor condition. New, high security, windows were custom-made for the exterior of the jail. These new windows are of stainless steel construction and should last three times as long as the original windows. The total cost of this project is estimated to be \$120,000.

The County Building and Grounds Department commenced work on the interior renovation of the County Courthouse Annex in September of 2005. This building had been used for the past three years as the construction office for all of the contractors working on the Courthouse Renovation Project. Prior to that time it served as ancillary offices for the Common Pleas Courts and Adult Probation Department. The building was completely renovated at a cost of \$27,560 and is now the new home to the Lake County Victims Assistance Program which is a division of the County Prosecutor's Office.

TRANSMITTAL LETTER

The Commissioners awarded a bid in September of 2005 for the purchase of a 500 kilowatt electrical generator for the Lake County Administration Center complex. The generator was purchased with federal Homeland Security funds and is being installed by the County's Telecommunications Department. Once the generator project is completed, it will provide extended electrical power to the County Administration Building and the H.T. Nolan Building in the event of an extended power outage due to situations such as network system problems with the County's electrical supplier, a natural disaster or an act of terrorism. The generator will provide a backup electrical power source should the main power system fail, which will enable the County administration offices to continue to operate. The total cost of this project, including the installation costs, is approximately \$130,000.

In 2004, the County Engineer's Office began utilizing the newest technology in embankment stabilization called "Soil Nail Launching" (SNL) to repair erosion damage to embankments. This technology drives large nails, which are actually twenty foot long steel rods, into the hillside at speeds of 200 miles per hour in a grid pattern. The soil consolidates around the rods, keeping it from slipping away and preventing slides. The rods have holes which allow water to drain out of the embankment. A chain link draining fabric is placed over the area and a concrete wall mix is sprayed on the hillside. During 2005, the County repaired active slides on Williams Road and Blair Road. The Engineer's Office completed its first two SNL projects last year. One of them, the Callow Road project, won the 2005 Lake County Environmental Improvement Award.

The County Commissioners, through the Lake County Department of Utilities, have been very active in water and wastewater repair projects and new installation projects. During 2005, thirty-five utility line projects were in progress at some point during the year. These projects come on the heels of the completion of a \$37 million renovation to the Gary L. Kron Water Reclamation Facility (GLKWRF) in 2003. This expansion was necessary to meet the growing needs of the County, as new construction continues to flourish, and also to meet more stringent requirements of the federal and state Environmental Protection agencies. This capital venture, which increased the capacity of the facility from 14.2 to 20.0 million gallons per day, was financed by an Ohio Water Development Authority loan. In addition to the utility line projects, the Department of Utilities also had two other projects ongoing during 2005 regarding the solid waste landfill facility. The first project was for construction of an additional cell for the landfill, and the second project was for redesigning a cell within the County landfill.

In 2004, the County Auditor's Office began the real estate valuation reappraisal of all real estate properties within the County. This reappraisal, which is performed every six years and is required by state law, is designed to keep property values current with market values. In addition, the reappraisal project, which is being conducted by an appraisal firm from Hudson, Ohio, will update County appraisal records for any improvements, additions or devaluations. Fieldwork commenced in the summer of 2004, continued through 2005, and was completed in early 2006. This project required personal visits from representatives of the appraisal firm to all 105,000 parcels in the County to update all real estate data regarding the land and any buildings located on the parcel(s). All data will be compiled and analyzed to produce the new real estate valuation tax base for tax year 2006, which will be payable in calendar year 2007.

TRANSMITTAL LETTER

FUTURE PROJECTS:

As shown in the financial statements of this report, the criminal justice system and public safety functions of the County government consume a large portion of the General Fund budget. As previously disclosed, the majority of capital improvement projects in recent years have been for improvements and/or additions to court buildings and other judicial system offices. Due to the magnitude and cost of the County Courthouse renovation project, it is anticipated that there will be few major renovation projects in the immediate future.

One significant project that is scheduled to commence during 2006 is the relocation of the Lake County Dog Shelter. An architect has already been selected for this project and the design plans have been finalized. The new dog shelter will be located in Perry Township in a building that previously was home to the County's Utilities Billing Department. The Dog Warden's current facility in Painesville Township is too cramped, with just 32 cages and not much room for the dogs to run. At the proposed site, plans are to double the amount of cages and enlarge them. One of the more significant costs of this project will be installing sanitary sewer lines at the facility. The initial estimates of the total costs of this project are approximately \$1.6 million.

In addition to that project, other projects anticipated to commence during 2006 include the refurbishing of the four clock faces in the Lake County Courthouse Tower, roof replacements of various county buildings, construction of a new maintenance facility to house the Utilities Department Water Maintenance crew as well as a new home for the County Vehicle Maintenance Department (Garage).

Lake County was previously approved for \$100,000 in funding for a State Route 2 (SR-2) Major Investment Study (MIS). The study was performed in consideration of increased expenses for maintaining SR-2 and the growing traffic congestion. The mission of the study was to "develop a plan to meet the future transportation needs of the State Route 2 Corridor for Lake County and the region". The average daily traffic on this important County corridor has increased from about 29,000 in 1955 to approximately 79,000 on the east end portion and 93,000 on the western half of the highway. As a result of the study, funding in the amount of \$118 million has been budgeted by the State of Ohio to perform asphalt overlays of SR-2 in Lake County. The project will be divided into two major sections, the first being the portion of the roadway from the western county line to Vine Street in Eastlake and the second being from Vine Street to the City of Painesville boundary line. Due to State budgetary constraints, the timetable for this project has been pushed back but it is expected to be bid out within two years. These repairs are expected to last ten to fifteen years.

TRANSMITTAL LETTER

In 2005, the County Commissioners hired the Cleveland State University's College of Urban Affairs to conduct a study of Lake County emergency services needs. The study will assess emergency needs such as equipment, manpower for SWAT teams, police and fire departments. According to the County's Emergency Management Agency Director, the idea behind the project is to determine if there is a way to consolidate or streamline services. A portion of the study has been paid for from Homeland Security funding.

As evident by the magnitude of some of the projects taken on in recent years, it is apparent that the County is taking a pro-active approach in keeping up with the changing times and it is continuously working to ensure that the County's buildings and infrastructure are maintained and functioning as well as possible. The ultimate goal of these changes is to better serve and protect the public. The County Commissioners plan to continue this approach in the future, while carefully monitoring the County's finances to undertake future projects.

FINANCIAL INFORMATION

ACCOUNTING SYSTEM AND BUDGETARY CONTROLS

The County's day-to-day accounting and budgetary records are maintained on a basis of accounting other than Generally Accepted Accounting Principles (GAAP). For financial reporting purposes, the accounting records are converted to the modified and full accrual basis for all applicable funds. A further discussion of the two basis of accounting can be found in Note B to the financial statements and their reconciliation can be found in Note D.

The Board of County Commissioners establishes budgetary appropriations for the operation of the County's departments through the adoption of the annual appropriation resolution. Budgetary control is facilitated through the maintenance of an encumbrance system for purchase orders and through the use of the County's financial accounting system.

The County maintains budgetary control within an organizational unit and fund by not permitting expenditures and encumbrances to exceed appropriations. Administrative control is maintained through the establishment of object code line item budgets. Funds appropriated may not be expended for purposes other than those designated in the appropriation resolution. For the General Fund, appropriations are approved by department and object.

The budgetary process does not include annual budgeting for certain grant funds because appropriations are made on a multi-year basis. The budgetary controls are on a project basis and, therefore, comparisons with annual appropriated funds do not provide meaningful data and are not presented.

TRANSMITTAL LETTER

INTERNAL CONTROLS

The County's internal controls are reviewed annually as a part of an independent audit. In developing and revising the County's accounting and reporting control system, consideration is given to the adequacy of internal controls to provide reasonable but not absolute assurance regarding:

- The safeguarding of assets against loss from unauthorized use or disposition, and
- The reliability of financial records for preparing financial statements and maintaining accountability for assets.

The concept of reasonable assurance recognizes that:

- The cost of a control should not exceed the benefits likely to be derived, and
- The evaluation of costs and benefits requires estimates and judgments by management.

County management believes that internal controls adequately meet the above objectives.

FINANCIAL CONDITION

The County has prepared financial statements following GASB Statement No. 34, "Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments". GASB 34 creates new basic financial statements for reporting on the County's financial activities as follows:

Government wide financial statements: These statements are prepared on an accrual basis of accounting, which is similar to the basis of accounting followed by businesses. The government wide statements distinguish between those activities of the County that are governmental and those that are considered business-type activities.

Fund financial statements: These statements present information for individual major funds rather than by fund type. Nonmajor funds are presented in total in one column. Governmental funds use the modified accrual basis of accounting and include reconciliation to the governmental activities accrual information presented in the government wide financial statements. Proprietary and fiduciary funds use the accrual basis of accounting.

Statement of budgetary comparisons: These statements present comparisons of actual information to the legally adopted budget. The budgetary basis, as provided by law, is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances.

TRANSMITTAL LETTER

As part of the reporting model, management is responsible for preparing Management's Discussion and Analysis of the County. The discussion follows the Independent Accountants' Report, providing an assessment of the County's finances for 2005. Because that discussion focuses on major funds, other nonmajor funds are discussed briefly in this letter.

Financial Highlights – Internal Service Fund

The Internal Service funds are comprised of the operations of the Central Purchasing, Mailroom and Garage departments and the Prescription and Dental Self-Insurance programs. For the year ended December 31, 2005, these funds had a reduction in net assets of \$170,115 and net assets of \$816,459.

Financial Highlights – Fiduciary Fund

Fiduciary funds account for assets held by Lake County in a trustee capacity as an agent for individuals, private organizations, and/or other governmental units. The fiduciary funds the County maintains are agency funds and, at year-end, the assets totaled \$334,398,572. The County uses agency funds to receive and distribute taxes and state levied revenues for all local governments within the County. Also included in the agency funds are the Lake County District Board of Health and the Lake County Soil and Water Conservation District.

CASH MANAGEMENT

The County Treasurer utilizes cash management and forecasting techniques and procedures to provide for efficient and optimal use of the County's cash resources as permitted by applicable State of Ohio law. Among the County's many investments, Lake County participates in the State Treasurer's Investment Pool of Ohio (STAROhio). The statewide investment pool was established in January of 1986, for governmental entities in Ohio and is administered by the Treasurer of the State of Ohio. In addition to STAROhio, the Treasurer invests in short-term certificates of deposit, U.S. government backed obligations and high-grade commercial paper.

Cash resources of a majority of individual funds are combined to form a pool of cash and investments to maximize possible returns and are managed by the County Treasurer. Certain monies of the County's agency funds are deposited and maintained in segregated bank accounts. Investment income is allocated to the General Fund and other qualifying funds as prescribed by Ohio law. Investment income for all County funds during 2005 was approximately \$5.2 million.

TRANSMITTAL LETTER

RISK MANAGEMENT

The County maintains all comprehensive coverage from private carriers. Coverage is maintained for property, general liability and elected officials. Insurance premiums paid to private carriers for property and liability coverage during 2005 amounted to \$1.0 million. Coverage is also purchased from private carriers for health benefits for all County employees. In 2000, the County Commissioners implemented a new self-insurance program for medical prescription coverage for all County employees and implemented a similar program for dental coverage in 2004. For both programs, the employees pay a minimal variable co-payment, depending on the type of prescription, and the County pays the remainder of the prescription charge. These self-insurance programs are saving the County money as compared to the traditional coverage from private carriers that the County always had in years past.

INDEPENDENT AUDIT

Included in this report is an unqualified audit opinion rendered on the County's financial statements as of December 31, 2005, by our independent auditor, the Auditor of the State of Ohio. In addition to meeting the requirements set forth in State statutes, the audit was also designed to meet the requirements of the Single Audit Act Amendments of 1996. County management plans to continue to subject the financial statements to an annual independent audit as part of the preparation of this CAFR. An annual audit serves to maintain and strengthen the County's accounting and budgetary controls.

OTHER INFORMATION

Lake County participates in the Federal "Single-Audit" program, which consists of a single audit of all federal and federal pass-through funded programs administered by the County. The Single Audit is conducted under the guidelines established by the Single Audit Act of 1984, as amended by the Single Audit Act amendments of July of 1996, and U.S. Office of Management and Budget Circular A-133, Audits of State and Local Governments.

As a requirement for continued federal funding eligibility, congressional legislation has made participation in the single audit program mandatory for the majority of local governments, including Lake County. Information related to this single audit, including the schedule of federal financial assistance, findings and recommendations and the auditor's reports on the internal control structure and compliance with applicable laws and regulations, is included in the single audit section of the State Auditor's report.

TRANSMITTAL LETTER

GFOA CERTIFICATE OF ACHIEVEMENT

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Lake County for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended December 31, 2004.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized CAFR, whose contents conform to program standards. Such reports must satisfy both Generally Accepted Accounting Principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. Lake County has received a Certificate of Achievement for the last seventeen consecutive years. We believe our current report continues to conform to the Certificate of Achievement Program requirements and we are submitting it to the GFOA.

ACKNOWLEDGEMENTS

The preparation of a financial document of this magnitude is the result of the combined efforts of a number of dedicated individuals who deserve recognition for their efforts. Two individuals who contributed mightily to the preparation of this report are Linda Sandberg, Administrative Secretary to the Auditor and Marie Vanjo, Fiscal Controller of the Department of Utilities. Linda's responsibilities on this project included word processing of the report, technical review of the report, compilation of certain data for the statistical section, and preparation of interdepartmental correspondence. The operations of the Department of Utilities comprise the financial data presented in the Enterprise Funds statements of this report. Marie is responsible for the collection and compilation of much of the data that comprises those statements. I sincerely appreciate the individual contributions of Linda and Marie and their dedication to this project.

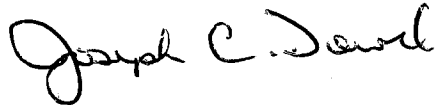

In addition, I would like to acknowledge the efforts of the entire staff of the Auditor's office for their contributions to this report. Special thanks are extended to Linda Beck, Diane Heintz and Barb Hogle of the Auditor's Office, Kim Myers of the Lake County Information Technology Department and Michael Matas, the County's Budget Director for their periodic assistance and their contributions to this project.

I would also like to recognize Lake County Treasurer John Crocker and his staff for their cooperation and continued assistance. Special thanks are also due County Administrator Kenneth Gauntner for his contributions to this transmittal letter, as well as other departmental personnel for their contributions.

TRANSMITTAL LETTER

Lastly, I would also like to thank all of the elected officials, department heads and their staffs for their assistance and cooperation in this project. On behalf of the County Auditor, I ask for their continued support in this project and in the Auditor's efforts towards continuing sound financial management for Lake County.

Sincerely,

A handwritten signature in black ink that reads "Joseph C. Dowd". The signature is written in a cursive style with a large, looped initial "J".

Joseph C. Dowd

FINANCIAL SECTION

Lake County, Ohio 2005
Comprehensive Annual Financial Report

Prepared by the Lake County Auditor's Office

Auditor of State Betty Montgomery

INDEPENDENT ACCOUNTANTS' REPORT

Lake County
105 Main Street
Painesville, Ohio 44077

To the Board of County Commissioners:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Lake County, Ohio, (the County) as of and for the year ended December 31, 2005, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Lake County, Ohio, as of December 31, 2005, and the respective changes in financial position and where applicable, cash flows, thereof and the respective budgetary comparisons for the General and MR&DD Board and ADAMHS Board Funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 12, 2006, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Management's Discussions and Analysis is not a required part of the basic financial statements but is/are supplementary information accounting principles generally accepted in the United States of America requires. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measuring and presenting the required supplementary information. However, we did not audit the information and express no opinion on it.

Lausche Building / 615 Superior Ave., NW / Twelfth Floor / Cleveland, OH 44113-1801
Telephone: (216) 787-3665 (800) 626-2297 Fax: (216) 787-3361
www.auditor.state.oh.us

We conducted our audit to opine on the financial statements that collectively comprise the County's basic financial statements. The introductory section, combining and individual nonmajor fund statements and schedules and statistical tables provide additional information and are not a required part of the basic financial statements. We subjected the combining and individual nonmajor fund statements and schedules to the auditing procedures applied in the audit of the basic financial statements. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole. We did not subject the introductory section and statistical tables to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

A handwritten signature in black ink that reads "Betty Montgomery". The signature is written in a cursive, flowing style.

Auditor of State

June 12, 2006

Lake County, Ohio

*Management's Discussion and Analysis
For the Year Ended December 31, 2005
Unaudited*

The discussion and analysis of Lake County's financial performance provides an overall review of the County's financial activities for the year ended December 31, 2005. The intent of this discussion and analysis is to look at the County's financial performance as a whole; readers should also review the transmittal letter, the basic financial statements and the notes to the basic financial statements to enhance their understanding of the County's financial performance.

Financial Highlights

Key financial highlights for 2005 are as follows:

In total, net assets increased \$15,233,940. Net assets of governmental activities increased \$3,032,152, which represents a 1.2 percent increase from 2004. Net assets of business-type activities increased \$12,201,788 or 8.4 percent from 2004.

General revenues accounted for \$85,047,029 in revenue or 38.1 percent of all revenues. Program specific revenues in the form of charges for services, grants and contributions accounted for \$138,160,559 or 61.9 percent of total revenues of \$223,207,588.

Total assets of governmental activities increased by \$3,776,276 and capital assets decreased by \$551,944.

The County had \$171,711,581 in expenses related to governmental activities; only \$90,732,981 of these expenses were offset by program specific charges for services, grants or contributions. General revenues of \$84,010,752 were adequate to provide for these programs.

The total of the County's long-term and short-term debt decreased by \$8,291,661 during 2005.

Using this Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Lake County as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

Lake County, Ohio

*Management's Discussion and Analysis
For the Year Ended December 31, 2005
Unaudited*

The *Statement of Net Assets* (pg. 51) and *Statement of Activities* (pgs. 52-53) provide information about the activities of the whole County, presenting both an aggregate view of the County's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what dollars remain for future spending. The fund financial statements also look at the County's most significant funds with all other nonmajor funds presented in total in one column. In the case of Lake County, the general fund is the most significant fund.

Reporting the County as a Whole

Statement of Net Assets and the Statement of Activities

While this document contains information about the funds used by the County to provide services to our citizens, the view of the County as a whole looks at all financial transactions and asks the question, "How did we do financially during 2005?" The Statement of Net Assets and the Statement of Activities answers this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by the private sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when the cash is received or paid.

These two statements report the County's net assets and the change in those assets. This change in net assets is important because it tells the reader whether, for the County as a whole, the financial position of the County has improved or diminished. However, in evaluating the overall position of the County, non-financial information such as changes in the County's tax base and the condition of County capital assets will also need to be evaluated.

In the Statement of Net Assets and the Statement of Activities, the County is divided into three kinds of activities:

- **Governmental Activities** – Most of the County's programs and services are reported here including general government, judicial and public safety, public works, human services, health and community and economic development and all departments with the exception of our Water, Wastewater and Solid Waste funds.
- **Business-Type Activities** – These services have a charge based upon the amount of usage. The County charges fees to recoup the cost of the entire operation of our Water, Wastewater and Solid Waste Districts as well as all capital expenses associated with these facilities.
- **Component Unit** – The County includes financial data of Deepwood Industries, Inc. (the Workshop). The Workshop is a legally separate, non-profit organization served by a self-appointing board of trustees. The Workshop, under a contractual agreement with the

Lake County, Ohio

*Management's Discussion and Analysis
For the Year Ended December 31, 2005
Unaudited*

Lake County Board of Mental Retardation, provides a comprehensive program of services, including employment for mentally retarded and developmentally disabled citizens. The component unit is separate and may buy, sell, lease and mortgage property in their own name and can sue or be sued in their own name.

Reporting on the County's Most Significant Funds

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Fund financial reports provide detailed information about the County's major funds. The County uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the County's most significant funds. The County's major governmental funds are the General Fund, the Mental Retardation and Developmental Disabilities Board Fund (MR & DD Board), the Alcohol, Drug Addiction and Mental Health Services Board Fund (ADAMHS Board), the Special Assessment Debt Service Fund and the Courthouse Renovation Fund.

Governmental Funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on current sources and uses of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for the governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains a multitude of individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental statement of

Lake County, Ohio

*Management's Discussion and Analysis
For the Year Ended December 31, 2005
Unaudited*

revenues, expenditures and changes in fund balances for the major funds, which were identified earlier. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report. The governmental fund financial statements can be found on pages 54-60 of this report.

Proprietary Funds: The County maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for its Water, Wastewater and Solid Waste operations.

Internal service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses internal service funds to account for its central purchasing, mailroom, and vehicle maintenance departments as well as for its self-insurance programs for prescription and dental coverage. Because these services predominantly benefit governmental rather than business-type functions, they have been included with governmental activities in the County-wide financial statements. The proprietary fund financial statements can be found on pages 61-65 of this report.

Fiduciary Funds: Fiduciary funds are used to account for resources held for the benefit of parties outside the County. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that of the proprietary funds. The County's fiduciary funds are agency funds and the fiduciary fund financial statement can be found on page 66 of this report.

Notes to the Financial Statements: The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 67-118 of this report.

Other Information: In addition to the basic financial statements and accompanying notes, this report also presents combining and individual fund statements and schedules which can be found on pages 120-269 of this report.

Government-wide Financial Analysis

The following table provides a summary of the County's net assets for 2005 compared to 2004:

Net Assets						
Invested in Capital Assets, Net of Related Debt	157,613,841	158,521,606	120,588,778	112,682,062	278,202,619	271,203,668
Restricted for:						
Debt Service	2,171,065	3,639,823			2,171,065	3,639,823
Capital Projects	6,818,407	5,334,625			6,818,407	5,334,625
Other Purposes	62,540,565	57,684,220			62,540,565	57,684,220
Unrestricted	<u>29,695,305</u>	<u>30,626,757</u>	<u>36,015,390</u>	<u>31,720,318</u>	<u>65,710,695</u>	<u>62,347,075</u>
Total Net Assets	<u>\$ 258,839,183</u>	<u>\$ 255,807,031</u>	<u>\$ 156,604,168</u>	<u>\$ 144,402,380</u>	<u>\$ 415,443,351</u>	<u>\$ 400,209,411</u>

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the County, assets exceeded liabilities by \$415,443,351 (\$258,839,183 in governmental activities and \$156,604,168 in business type activities) as of December 31, 2005.

A large portion of the County's net assets (67.0 percent) reflect its investment in capital assets (e.g., land, building, infrastructure and machinery and equipment), less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since capital assets themselves cannot be used to pay these liabilities.

Lake County, Ohio

*Management's Discussion and Analysis
For the Year Ended December 31, 2005
Unaudited*

An additional portion of net assets, \$71,530,037 (17.2 percent), represent resources that are subject to external restriction on how they may be used. The remaining balance of \$65,710,695 (15.8 percent), of unrestricted net assets may be used to meet the County's ongoing obligations to citizens and creditors.

As of December 31, 2005, the County is able to report positive balances in all three categories of net assets, both for the County as a whole, as well as for its separate governmental and business-type activities. The County also reported positive balances in all categories of net assets in 2004.

Total assets increased \$7,632,605, which represented a 1.3 percent increase over 2004, primarily due to a \$10.2 million increase in equity in pooled cash and cash equivalents which was offset slightly by a \$2.1 million decrease in capital assets and a \$1.0 million decrease in receivables.

Table 2 shows the changes in net assets for the year ended December 31, 2005.

Lake County, Ohio

*Management's Discussion and Analysis
For the Year Ended December 31, 2005
Unaudited*

The human services program accounts for \$68,755,936 of expenses out of \$171,711,581 total expenses for governmental activities, or 40.0 percent of that total. Of the total \$171,711,581 in governmental activities expenses, \$20,801,352 was covered by direct charges to users of the services. A significant portion of those charges are for fees charged for the collection of property taxes throughout the County, fines and forfeitures related to judicial activity, licenses and permits associated with building inspectors, recording fees for deeds and title fees. Judicial and public safety charges for services include fees for prisoner housing and fines and forfeitures related to judicial activity. Human service charges for services include those provided to clients of the Mental Retardation and Developmental Disabilities Board and the Childrens Services Fund. Motor vehicle license fees comprise the majority of public works charges. Expenses of the public works program decreased by \$4.5 million in 2005 primarily due to decreases in capital improvements related to county roads and bridges infrastructure. The judicial and public safety program experienced an increase in expenses primarily due to increases in operational costs of the county detention facilities and the court system. The community and economic development program experienced a 43.8 percent increase in expenditures due in 2005 as compared to 2004 primarily due to \$1.8 million grant to assist in the cleanup of a brown-field site.

Additional revenues provided by the State and Federal governments of \$62,317,026 include operating subsidies primarily for the Mental Retardation and Developmental Disabilities Board, the Alcohol, Drug Addiction and Mental Health Services Board and the Job and Family Services Department. Operating grants and contributions decreased very slightly, by \$198,925 or 0.3 percent, as compared to 2004. Property taxes increased by 5.4 percent as compared to 2004 primarily due to new construction and conveyance taxes increased by 11.5 percent. The increases in both of these revenue sources reflect the strong housing market in the County. Interest revenue increased from 2.1 million in 2004 to \$5.2 million in 2005. This reflects the nationwide increase in investment interest rates as the country began to recover from the economic downturn experienced in recent years. Charges for services to users in the business-type activities in the amount of \$40,471,511 exceeded total expenses of \$36,262,067. An additional \$6,956,067 was received during the year for grants and contributions for capital expenses.

Financial Analysis of the Government's Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds: The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balance may

Lake County, Ohio

*Management's Discussion and Analysis
For the Year Ended December 31, 2005
Unaudited*

serve as a useful measure of the County's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$96,163,719. \$84,033,010 of this total amount constitutes unreserved fund balance, which is available for appropriation at the government's discretion within certain legal constraints and purpose restrictions. The remainder of fund balance is reserved to indicate that it is not available for new spending.

The general fund is the chief operating fund of the County. At the end of the current fiscal year, unreserved fund balance of the general fund was \$17,689,948, while the total fund balance reached \$25,011,241. As a measure of the general fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved fund balance represents approximately 37.5 percent of total general fund expenditures, while total fund balance represents 53.1 percent of that same amount.

The fund balance of the County's general fund increased by \$1,962,272 during the current fiscal year which helped to offset a fiscal year 2003 fund balance loss of \$2.6 million. Overall general fund revenues increased in 2005 by \$4,270,408 as compared to the previous year, primarily due to a \$3.1 million increase in investment earnings. Most other revenue sources had nominal increases or decreases. Transfers to other governmental funds for operating purposes amounted to \$5.1 million during 2005. All elected officials and department heads worked closely with the County Commissioners to reduce, maintain, or minimize increases in departmental expenditures.

The fund balances of all four major governmental funds, the Mental Retardation and Developmental Disabilities Board Fund (MR & DD), the Alcohol, Drug Addiction and Mental Health Services Board Fund (ADAMHS), the Special Assessment Debt Service Fund, and the Courthouse Renovation Fund increased by \$2,256,022, \$349,956, \$53,470, and by \$12,472,768 respectively. The reason for the large increase in the Courthouse Renovation Fund is due to the elimination of \$13.5 million in note debt during 2005. The MR & DD Board and ADAMHS Board funds both had overall revenues exceeding expenditures.

Proprietary Funds: The County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Unrestricted net assets of all three proprietary funds increased during 2005. The Water Fund had unrestricted net assets at the end of the year of \$10,338,303, those for the Wastewater Fund amounted to \$12,114,945 and those for the Solid Waste Fund amounted to \$13,562,142. The total growth in net assets for the Water Fund was \$7,881,957, for the Sewer Fund it was \$3,539,040 while net assets for the Solid Waste Fund increased by \$780,791. Operating revenues for all proprietary funds increased by 4.8 percent in 2005 as compared to 2004 while operating expenditures increased by 7.2 percent.

Lake County, Ohio

General Fund Budgeting Highlights

Budgeting is prescribed by the Ohio Revised Code. Essentially the budget is the County's appropriations which are restricted by the amounts of anticipated revenues certified by the Budget Commission in accordance with the Revised Code. Final budgeted revenues increased by \$199,000 over the original budget for a total increase of 0.4 percent. Actual revenues received were \$4,658,962 higher, or 9.74 percent, than the final certification. Final budgeted expenditures increased by \$2,294,120, or 4.9 percent from the original budget. However, actual expenditures were \$1,907,766 less than appropriations, which amounted to a 3.9 percent reduction from the final expenditure budget. In fact, actual expenditures were only \$386,354 over the original budgeted amounts. The decrease in the actual versus final budget amounts was primarily due to expenditures in the general government and judicial and public safety functions, the two largest functions of the General Fund, not reaching the appropriated level of the final budgeted expenditures.

County landfill. Utility Plant in Service in the business-type activities includes all utility buildings and service lines associated with such operations.

Major capital asset events during the current fiscal year included the following:

- Completion of the renovation of the County Courthouse, a \$16 million project. Total additional construction-in-progress for governmental activities amounted to \$3.5 million in 2005.
- The addition of \$0.9 million in various security equipment purchases from federal homeland security monies for the County.
- The purchase of nine new cruisers for the County Sheriff's Department.
- The completion of \$2.7 million in roads and bridges infrastructure improvements.
- The completion of \$3.0 million in utility infrastructure projects with an additional \$9.8 million remaining in construction in progress.

Additional information on the County's capital assets can be found in Note F of this report.

Debt

Table 4 below summarizes the County's long-term obligations outstanding.

Outstanding Long-term Obligations at Year End

	Governmental Activities		Business-Type Activities		Total	
	2005	2004	2005	2004	2005	2004
General Obligation Bonds	\$ 26,918,000	\$ 13,255,000	\$ 4,725,050	\$ 5,387,700	\$ 31,643,050	\$ 18,642,700
Special Assessment Bonds	8,606,950	8,427,300	0	0	8,606,950	8,427,300
OWDA Loans	0	0	58,168,431	66,156,900	58,168,431	66,156,900
Other Long-term Liabilities	0	0	50,000	85,000	50,000	85,000
Landfill Closure & Postclosure	0	0	8,449,619	7,827,572	8,449,619	7,827,572
Capital Leases	0	163,679	38,389	89,575	38,389	253,254
Compensated Absences	10,572,190	10,288,931	1,782,734	1,715,010	12,354,924	12,003,941
	<u>\$ 46,097,140</u>	<u>\$ 32,134,910</u>	<u>\$ 73,214,223</u>	<u>\$ 81,261,757</u>	<u>\$ 119,311,363</u>	<u>\$ 113,396,667</u>

Of the debt outstanding at December 31, 2005, the general obligation bonds are backed by the full faith and credit of the County and the special assessment bonds are debt that the County is liable for in the event of default by the property owner subject to the assessment. The Ohio Water Development Authority Loans (OWDA) are for water and wastewater utility improvements, as are the Other Long-term Liabilities. Compensated absences are unpaid leave benefits accumulated by County employees and are payable upon termination of employment, subject to certain restrictions. Capital leases relate to the acquisition of capital assets.

Interest and fiscal charges amounted to 1.0 percent of expenses for governmental activities.

The County's governmental long-term general obligations increased by \$13,962,230, or 43.4 percent, during 2005 due to a new \$17.8 million general obligation bond and new special assessment bonds totaling \$829,000. The long-term debt for business-type activities decreased by \$8,047,534, or 9.9 percent, during 2005. The County did not issue any new long-term bonded debt during 2005 for business-type activities. The County has \$2.0 million in short-term notes outstanding as of December 31, 2005 for various utility improvement projects.

The County maintains an "Aa2" credit rating from Moody's Investor Services, Inc. The overall debt margin at December 31, 2005 was \$134,163,211 with an unvoted total debt margin of \$40,472,484.

Additional information on the County's long-term debt can be found in Note H of this report.

Economic Factors and Next Year's Budgets and Rates

As previously stated, during 2005, the unreserved fund balance in the General Fund increased to \$17,689,948. While this increase is a positive sign that the County is starting to rebound from the national economic depression experienced for several years, county leaders remain cautious. The County continues to witness continued operational costs increases in the County's detention facilities and throughout the judicial system, increases in health care costs, and reductions in state funding and subsidies.

The real property tax revenues of the general fund are derived entirely from 2.1 mills of inside millage (unvoted millage). Additional revenues for the General Fund from this source will occur in the 2007 fiscal year which is the first year the County will begin collecting real property taxes following the county-wide real estate revaluation. The revenue structure of the general fund is balanced enough so that the operations of the County are not overly dependent on any specific revenue source. This diversified revenue stream has provided an equitable means of generating revenue necessary for the operations of the offices administered by elected officials and other County departments. Although the County Commissioners did not request budget cutbacks for the 2006 fiscal year from the General Fund departments as they did in recent years, the Commissioners did request those departments to attempt to keep their 2006 fiscal year spending levels consistent with those of fiscal year 2005. Due to the stagnation in national economy and outside funding cutbacks, the Commissioners and the department heads have worked diligently in attempting to keep expenses in line with their revenue sources.

The County's portion of State based revenue may also be affected by the economic conditions. Specifically, the State legislature has frozen the monies allocated to local governments for the local government fund and local government revenue assistance fund through June of 2007. The State legislature, at one time, considered eliminating the two local government funds entirely to assist them in balancing the State's budget for the two year period beginning July 1, 2005. In addition, the State is phasing out the personal property tax on businesses' inventory and machinery over a four year period. Funding cutbacks, such as these from the State, would create additional pressure on the General Fund balance, as well as several other County funds. Other state agencies are reducing funding to local governments, thus causing further hardships on the County and other local agencies as they strive to at least maintain, if not enhance, services to their constituents.

Although an improved investment market bolstered the County's General Fund budget in 2005, those returns still lag far behind the investment earnings posted in the late 1990's and early into the new millennium. Continued higher returns in subsequent years would greatly assist in

Lake County, Ohio

*Management's Discussion and Analysis
For the Year Ended December 31, 2005
Unaudited*

offsetting some of these state reductions. However, while the County has suffered from significantly reduced interest earnings on investments in recent years as compared to the previous decade, the County Commissioners have taken advantage of the market in regards to the County's recent debt issuances. The low market rates have allowed the Commissioners to obtain very low interest rates on both short-term and long-term borrowing to finance capital improvements to buildings and infrastructure.

Inflationary trends in the region compared very similarly to national indices. The unemployment rate for the county at the end of 2005 was 5.2 percent, which decreased from 5.7 percent a year ago. The State average was 5.9 percent and the Federal rate was 4.9 percent. Lake County's economy has been resilient in contrast to other counties in the State of Ohio, including some surrounding counties who are facing significant financial hardships and budget reductions. Sales tax revenue decreased very slightly in 2005 for the first time in almost two decades, while many other state and national counties have suffered more significant losses in recent years. The key factor is the County's large retail market and its diversified commercial and industrial economic base. Residential new construction continued to grow due, in part, to the low mortgage interest rates throughout the area but also because the fairly large amount of undeveloped land in the eastern and southern portions of the County.

Requests for Information

This financial report is designed to provide a general overview of the County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Edward H. Zupancic, Lake County Auditor, 105 Main Street, Painesville, Ohio 44077, (440) 350-2532, or email at: auditor@lakecountyohio.org, or visit the County Web Site at: <http://www.lakecountyohio.org>.

Sales Tax	<u>1,481,773</u>

Total 23,466,846

Internal service funds are used by management to charge the costs of materials, supplies, mailroom services, vehicle maintenance and repair services and insurances to individual funds. The assets and liabilities of the internal service funds are included in the statement of net assets:

Net Assets	816,459
Capital Assets	(79,399)
Compensated Absences	<u>186,186</u>

Total 923,246

In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due. (149,329)

Certain debt charges reported as an expenditure in governmental funds are allocated as an expense over the life of the debt on a full accrual basis.

Bond Issuance Costs	208,812
Unamortized Loss on Refunded	<u>109,782</u>

Total 318,594

Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds:

General Obligation Bonds	(26,918,000)
Special Assessment Bonds	(8,606,950)
Unamortized Premium on Bond	(675,094)
Compensated Absences	<u>(10,572,190)</u>

Total (46,772,234)

Net Assets of Governmental Activities \$ 258,839,183

LAKE COUNTY, OHIO

STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES GOVERNMENTAL FUNDS

FOR THE YEAR ENDED DECEMBER 31, 2005

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE A – DESCRIPTION OF LAKE COUNTY

Lake County was established in March 1840 by an act of the Ohio General Assembly. Situated on Lake Erie in the extreme northeastern part of Ohio, the County operates as a political subdivision of the State of Ohio, exercising only those powers and powers incidental thereto, conferred by the Ohio Legislature. Lake County voters elect a total of eleven legislative and administrative county officials. The three-member Board of Commissioners is the legislative and executive body of the County. The County Auditor is the chief fiscal officer and tax assessor. The County Treasurer serves as the custodian of all County funds and as tax collector. In addition, there are six other elected administrative officials provided for by Ohio law, which include the Clerk of Courts, Coroner, Engineer, Prosecutor, Recorder, and Sheriff. The judicial branch of the County is comprised of four Common Pleas Court Judges, one Domestic Relations Court Judge, one Juvenile Court Judge, one Probate Court Judge and two Court of Appeals Judges.

Lake County provides a myriad of services to its approximately 230,000 residents. The County offers a wide range of human and social services, health and community assistance services, law enforcement services, road and building maintenance services as well as other general and administrative support services. Additionally, Lake County operates a water distribution, a wastewater collection system, a solid waste disposal system and a solid waste-recycling program.

REPORTING ENTITY

The reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements of the County are not misleading. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the County. For Lake County, this includes the Children's Services Board, the Board of Mental Retardation and Developmental Disabilities, the Alcohol, Drug Addiction and Mental Health Services Board, and all departments and activities that are directly operated by the elected County officials.

Component units are legally separate organizations for which the County is financially accountable. The County is financially accountable for an organization if the County appoints a voting majority of the organization's governing board and (1) the County is able to significantly influence the programs or services performed or provided by the organization; or (2) the County is legally entitled to or can otherwise access the organization's resources; the County is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the County is obligated for the debt of the organization. Component units may also include organizations for which the County approves the budget, the issuance of debt or the levying of taxes.

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE A – DESCRIPTION OF LAKE COUNTY (CONTINUED)

REPORTING ENTITY (Continued)

Discretely Presented Component Unit

The component unit column in the financial statement identifies the financial data of the County's component unit, Deepwood Industries, Inc. It is reported separately to emphasize that it is legally separate from the County.

DEEPWOOD INDUSTRIES, INC. (the Workshop)

Deepwood Industries, Inc. is a legally separate, not-for-profit corporation, served by a self-appointing board of trustees. The Workshop, under a contractual agreement with the Lake County Board of Mental Retardation and Developmental Disabilities (Board of MR & DD), provides a comprehensive program of services, including employment, for mentally retarded and developmentally disabled citizens of Lake County. The Board of MR & DD provides the Workshop with expenses and personnel for operation of the Workshop, including staff salaries and benefits, equipment and other support services necessary for the implementation of the programs offered by the Workshop. The Workshop cannot issue bonded debt or levy taxes and, thus, is not fiscally independent. Since the Workshop is fiscally dependent on the County and since the Workshop provides services to other agencies in addition to the County government, Deepwood Industries, Inc. is reflected as a component unit of Lake County. Separately issued financial statements can be obtained from Deepwood Industries, Inc., 8121 Deepwood Blvd., Mentor, OH 44060.

Information in the following notes to the basic financial statements is applicable to the primary government. When information is provided relative to the component unit, it is specifically identified.

The County Treasurer, as the custodian of public funds, invests all public monies held on deposit in the County treasury. In the case of the Lake County General Health District and the Lake County Soil and Water Conservation District, the County serves as fiscal agent but is not financially accountable for their operations. Accordingly, the activity of these agencies are presented as agency funds within the basic financial statements.

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE A – DESCRIPTION OF LAKE COUNTY (CONTINUED)

REPORTING ENTITY (Continued)

Related Organizations

The following entities are considered related organizations to the reporting entity. This decision was based on the fact that although the Board of Commissioners appoints the majority of the board members of each of these entities, the County is not fiscally accountable for any of these organizations. The Board of County Commissioners cannot impose its will on any of these entities in any manner, nor does there exist any financial benefit or burden relationship between any of these entities and the County. The entities that were determined to be related organizations are:

LAKE METROPARKS

The three Park District Commissioners are appointed by the Probate Judge of the County. The district hires and fires staff, and does not rely on the County to finance deficits. The County is not financially accountable for the District nor is the District financially dependent on the County. The district serves as its own taxing and debt issuance authority and does not receive any funding from the County.

LAKELAND COMMUNITY COLLEGE

Lakeland Community College is designated as a distinct political subdivision and corporate body that provides higher education opportunities to the residents of Lake County. No financial relationship exists between the County and the College. Although the Board of County Commissioners appoints the majority of Lakeland's board members, the College has complete control of its fiscal officers and operations.

LAKETRAN

Laketrans provides bus transportation services to the residents of Lake County. Laketrans is a distinct political subdivision of the State and a separate corporate body. Although all board members are appointed by the Board of County Commissioners, the Laketrans Board has the separate governing authority to levy and collect taxes, adopt its own budget, issue bonds and control its own operations.

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE A – DESCRIPTION OF LAKE COUNTY (CONTINUED)

REPORTING ENTITY (Continued)

LAKE COUNTY LIBRARY DISTRICT

The Library District provides library services to residents living in the City of Painesville, Grand River Village, Concord Township, Leroy Township and Painesville Township. Although the Board of County Commissioners appoints a majority of the Library District's board members, the County cannot impose its will on the Library District nor is there a financial benefit received by, or burden placed on, the County with respect to the Library District.

Jointly Governed Organizations

The County is a participant in the following Jointly Governed Organization:

NORTHEAST OHIO COMMUNITY ALTERNATIVE PROGRAM FACILITY (NEOCAP)

The Northeast Ohio Community Alternative Program Facility is a community based corrections facility that provides residents of the facility educational, vocational, substance abuse and support counseling services. The facility is administered by a judicial corrections board consisting of seven common pleas court judges. The members consist of two judges each from Trumbull and Lake Counties, and one judge each from Ashtabula, Geauga and Portage Counties. The Board adopts its own budget, authorizes expenditures and hires and fires its own staff. Funding is provided by the State of Ohio.

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the County have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principals. The County also applies Financial Accounting Standards Board (FASB) Statements and Interpretations issued on or before November 30, 1989, to its governmental and business-type activities and to its enterprise funds provided they do not conflict with or contradict GASB pronouncements. The most significant of the County's accounting policies are described below.

BASIS OF PRESENTATION

The County's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Government-wide Financial Statements

The statement of net assets and the statement of activities display information about the County as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activity of the internal service fund is eliminated to avoid "doubling up" revenues and expenses. The statements distinguish between those activities of the County that are governmental and those that are considered business-type activities.

The statement of net assets presents the financial condition of the governmental and business-type activities of the County at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the County's governmental activities and for the business-type activities of the County. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. The policy of the County is not to allocate indirect expenses to functions in the statement of activities. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues, which are not classified as program revenues, are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental program or business activity is self-financing or draws from the general revenues of the County.

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

BASIS OF PRESENTATION (Continued)

Fund Financial Statements

During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service fund is presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

FUND ACCOUNTING

The County and the Workshop uses funds to maintain its financial records during the year. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain County functions or activities.

A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations. For financial statement presentation purposes, the various funds of the County are grouped into the following generic fund types under the broad fund categories governmental, proprietary and fiduciary.

Governmental Funds

Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the County's major governmental funds:

General Fund: The general fund accounts for all financial resources except those required to be accounted for in another fund. The general fund balance is available to the County for any purpose provided it is expended or transferred according to the general laws of Ohio.

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

FUND ACCOUNTING (Continued)

Governmental Funds (Continued):

Board of Mental Retardation and Developmental Disabilities: The mental retardation board fund accounts for the operation of a school and resident homes for the mentally retarded and developmentally disabled. Revenue sources include a county-wide property tax levy and federal and state grants.

Board of Alcohol, Drug Addiction and Mental Health Services: The mental health board fund accounts for federal and state grants and county-wide property tax levies that are expended primarily to pay the costs of contracts with local mental health agencies that provide services to the public at large.

Special Assessment Debt Service Fund: This fund is used to account for the accumulation of financial resources for, and the payment of, special assessment long-term debt principal, interest and related costs.

Courthouse Renovation: This fund accounts for construction costs incurred in the renovation of the Lake County Courthouse. Financing has been provided by transfers from the General Fund and General Obligation Note proceeds.

The other governmental funds of the County account for grants and other resources whose use is restricted to a particular purpose.

Proprietary Funds:

Proprietary fund reporting focuses on the determination of operating income, changes in net assets, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service.

Enterprise Funds: Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The following are the County's major enterprise funds:

Water: The County provides water to residential, commercial and industrial customers. Revenue generated through user charges is used for operation, maintenance and capital improvements of the water distribution system.

Wastewater: The County provides sanitary sewer service to residential, commercial and industrial customers. Wastewater charges are based on water usage and serve as the major revenue source for financing the operations and maintenance of the wastewater system.

Solid Waste: This fund is used to account for the financial operations of the County's solid waste removal and landfill activities. Revenues are generated primarily from user tipping fees.

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

FUND ACCOUNTING (Continued)

Proprietary Funds (Continued)

Internal Service Funds: Internal Service Funds account for the financing of services provided by one department or agency to other departments or agencies of the County on a cost-reimbursement basis. The County's Internal Service Funds are the Central Purchasing, Mailroom and Garage funds, each of which account for the activities of those departments who provide those respective services to other County departments. In addition, the Prescription Self-Insurance and Dental Self-Insurance funds account for the prescription and dental benefits programs offered by the County, which are self-insured.

Fiduciary Funds:

Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications; pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the County under a trust agreement for individuals, private organizations, or other governments and are therefore, not available to support the County's own programs. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The only fiduciary funds of the County are agency funds. The County's agency funds are primarily established to account for the collection of various taxes, receipts and fees and to account for funds of the Lake County General Health District and the Lake County Soil and Water Conservation District.

MEASUREMENT FOCUS

Government-wide Financial Statements:

The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the County are included on the Statement of Net Assets. The Statement of Activities presents increases (e.g., revenues) and decreases (e.g., expenses) in total net assets.

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The Statement of Revenues, Expenditures and

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

MEASUREMENT FOCUS (Continued)

Fund Financial Statements (Continued)

Changes in Fund Balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, all proprietary fund types are accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the statement of net assets. The statement of changes in fund net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows provides information about how the County finances and meets the cash flow needs of its proprietary activities.

The Workshop has adopted Financial Accounting Standard Board Statement of Accounting Standards (FAS) No. 117 (Financial Statements of Not-for-Profit Organizations) for presentation of its financial statements. As such, the financial statements are presented on the basis of unrestricted and restricted net assets.

BASIS OF ACCOUNTING

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting; proprietary and fiduciary funds and the Workshop also use the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue and in the presentation of expenses versus expenditures.

Revenues - Exchange and Non-exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the County, available means expected to be received within sixty days of year-end.

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

BASIS OF ACCOUNTING (Continued)

Revenues - Exchange and Non-exchange Transactions (Continued)

Non-exchange transactions, in which the County receives value without directly giving equal value in return, include sales taxes, property taxes, grants, entitlements and donations. On an accrual basis, revenue from sales taxes is recognized in the period in which the sale occurs. Revenue from property taxes is recognized in the year for which the taxes are levied (See Note K). Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the County must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized. Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: sales tax, interest, federal and state grants and subsidies, state-levied locally shared taxes (including motor vehicle license fees and gasoline taxes) and fees.

Deferred Revenue

Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Property taxes for which there is an enforceable legal claim as of December 31, 2005, but which were levied to finance year 2006 operations, have been recorded as deferred revenue. Grants and entitlements received before the eligibility requirements are met are also recorded as deferred revenue. On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

The Workshop allocates its expenses on a functional basis among its various programs and support services. Expenses and support services that can be identified with a specific program are allocated directly according to their natural expenditure classification. Other expenses that are common to several programs are allocated based on estimates established by the Workshop.

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

BUDGETARY PROCESS

The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations resolutions, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount the County may appropriate. The appropriations resolution is the Commissioner's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by the Commissioners. The legal level of control is at the object level for all funds.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the County Commissioners. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the final amended certificate of estimated resources issued during 2005.

The appropriation resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Commissioners during the year.

Tax Budget

A budget of estimated revenues and expenditures is submitted to the County Auditor, as Secretary of the County Budget Commission, by July 15 of each year, for the period January 1 to December 31 of the following year.

Estimated Resources

The County Budget Commission reviews estimated revenues and determines if the budget substantiates a need to levy all or part of previously authorized taxes. The Commission certifies its actions to the County by September 1. As part of this certification, the County receives the official certificate of estimated resources, which states the projected revenue of each fund. Prior to December 31, the County must revise its budget so that the total contemplated expenditures from any fund during the ensuing fiscal year will not exceed the amount available as stated in the certificate of estimated resources. The revised budget then serves as the basis for the annual appropriation measure. On or about January 1, the certificate of estimated resources is amended to include any unencumbered balances from the preceding

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

BUDGETARY PROCESS (Continued)

Estimated Resources (Continued)

year. The certificate may be amended further during the year if the County Auditor determines, and the Budget Commission agrees, that an estimate needs either to be increased or decreased. The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts in the amended certificate when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts in the final amended certificate issued during 2005.

Appropriations

A temporary appropriation resolution to control expenditures may be passed on or around January 1 of each year for the period January 1 to March 31. An annual appropriation resolution must be passed by April 1 of each year for the period January 1 to December 31. The appropriation resolution fixes spending authority at the fund, program, department, and object level. The appropriation resolution may be amended during the year as new information becomes available, provided that total fund appropriations do not exceed current estimated resources, as certified.

The allocation of appropriations among departments and objects within a fund may be modified during the year only by a resolution of the Commissioners. Several supplemental appropriation resolutions were legally enacted by the County Commissioners during the year. The amounts reported as the original budgeted amounts in the budgetary statements reflect the first appropriated budget that covered the entire year, including amounts automatically carried over from prior years. The amounts reported as the final budgeted amounts in the budgetary comparisons represent the final appropriation amounts, including all amendments and modifications.

Budgeted Level of Expenditures

Administrative control is maintained through the establishment of detailed line-item budgets. Appropriated funds may not be expended for the purposes other than those designated in the appropriation resolution without authority from the Commissioners. Expenditures plus encumbrances may not legally exceed appropriations at the level of appropriation. Commissioners' appropriations are made at the object level for all funds.

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

BUDGETARY PROCESS (Continued)

Lapsing of Appropriations

At the close of each year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the succeeding fiscal year and is not reappropriated.

Encumbrances

As part of formal budgetary control, purchase orders, contracts and other commitments for the expenditure of monies are encumbered and recorded as the equivalent of expenditures on the non-GAAP budgetary basis in order to reserve that portion of the applicable appropriation and to determine and maintain legal compliance. The Ohio Revised Code prohibits expenditures plus encumbrances from exceeding appropriations. On the GAAP basis, encumbrances outstanding at year-end are reported as reservations of fund balances for subsequent-year expenditures for governmental funds.

The budgetary process does not include annual budgeting for the Community Development Block Grant (CDBG) Fund. Appropriations are made on a multi-year basis. The budgetary control is on a project basis and therefore, comparisons with annually appropriated funds do not provide meaningful data and are not presented. In addition, budgetary information for the Workshop is not reported because the Workshop is not included in the entity for which the “appropriated budget” is adopted and it does not adopt a separate budget.

POOLED CASH AND CASH EQUIVALENTS

The County Treasurer invests all active County funds. Active County funds are invested in federal agency obligations and commercial paper. Inactive funds are invested in certificates of deposit and the State Treasurer’s Investment Pool. The County pools its cash for investment purposes to capture the highest return. Investment income is distributed to various funds based upon their average daily cash balances. Investments are reported at fair value, which is based on quoted market prices. Interest income earned in 2005 totaled \$5,249,597. For purposes of reporting cash flows, cash and cash equivalents include all cash items, investments and deposits which can readily be converted into cash. Certificates of deposit are included regardless of initial maturity as they meet the criteria for ready conversion.

The County has invested funds in the State Treasury Asset Reserve of Ohio (STAROhio) during 2005. STAROhio is an investment pool managed by the State Treasurer’s Office which allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio’s share price which is the same as the fair value of the underlying investment.

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

INVENTORY OF SUPPLIES

On government-wide financial statements, inventories are presented at the lower of cost or market on a first-in, first-out basis and are expensed when used.

On fund financial statements, inventories of governmental funds are stated at cost while inventories of proprietary funds are stated at the lower of cost or market. For all funds, cost is determined on a first-in, first-out basis. The cost of inventory items is recorded as expenditures in the governmental fund types when purchased. Inventories of the enterprise fund are expensed when used.

LOANS RECEIVABLE

The Community Development Block Grant program (CDBG) provides loans to small and medium sized businesses and certain qualified homeowners. The maximum loan term is twenty years and as loans are paid back they are available for future loans. Revenues are recorded when measurable and available.

ADVANCES TO OTHER FUNDS

Non-current portions of long-term interfund loan receivables are reported as advances and are offset equally by a fund balance reserve account. This indicates that they do not constitute expendable available financial resources, and, therefore, are not available for appropriation.

PREPAID ITEMS

Payments made to vendors for services that will benefit periods beyond December 31, 2005 are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed.

INTERFUND BALANCES

On fund financial statements, outstanding interfund loans and unpaid amounts for interfund services are reported as “due to/from other funds”. Interfund loans which do not represent available expendable resources are offset by a fund balance reserve account. Interfund balance amounts are eliminated in the statement of net assets, except for any net residual amounts due between governmental and business-type activities, which are presented as internal balances.

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

BOND ISSUANCE COSTS

In governmental fund types, bond issuance costs are recognized in the current period. Bond issuance costs for proprietary fund types are deferred and amortized over the term of the bonds using the bonds-outstanding method, which approximates the effective interest method.

CAPITAL ASSETS

General capital assets are capital assets, which are associated with and generally arise from governmental activities. They generally result from expenditures in the governmental funds. General capital assets are reported in the governmental activities column of the government-wide statement of net assets but are not reported in the fund financial statements. Capital assets utilized by the proprietary funds are reported both in the business-type activities column of the government-wide statement of net assets and in the respective funds.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The County maintains a capitalization threshold of one thousand dollars. The County's infrastructure consists of roads, bridges, and culverts. Water and sanitary sewers and the associated operation facilities, as well as the County's landfill facilities are reported as utility plant in service. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. Interest incurred during the construction of proprietary fund capital assets is also capitalized.

All capital assets are depreciated except for land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the County's historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Governmental Activities Estimated Lives</u>	<u>Business-Type Activities Estimated Lives</u>
Land Improvements	20 years	20 years
Buildings and Other Structures	20-45 years	20-45 years
Furniture, Fixtures and Equipment	3-20 years	3-20 years
Infrastructure	30-65 years	30-65 years

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

CAPITALIZATION OF INTEREST

The County's policy is to capitalize net interest on proprietary fund construction projects until substantial completion of the project. The amount of capitalization interest equals the difference between the interest cost associated with the tax-exempt borrowing used to finance the project and the interest earned from temporary investment of the debt proceeds. Capitalized interest is amortized on the straight-line basis over the estimated life of the asset. Total interest capitalized in 2005 and included in construction-in-progress for the Enterprise Funds was \$74,522.

ACCRUED LIABILITIES AND LONG-TERM OBLIGATIONS

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported in the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, claims and judgments, compensated absences, special termination benefits and contractually required pension contributions that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds and capital leases are recognized as a liability in the fund financial statements when due.

COMPENSATED ABSENCES

The County reports compensated absences in accordance with the provisions of GASB Statement No. 16, "Accounting for Compensated Absences" as interpreted by Interpretation No. 6 of the GASB, "Recognition and Measurement of Certain Liabilities and Expenditures in Governmental Fund Financial Statements".

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means. Employees earn vacation time at varying rates depending on the duration of their employment. There is no requirement that annual leave be taken, but Ohio law requires vacation not be accumulated more than three (3) years.

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

COMPENSATED ABSENCES (Continued)

Employees earn 15 sick days per year. Upon retirement or termination of employment, all employees with the exception of Veteran's Services employees, who receive payment for their entire accrued balance, are paid sick leave according to the following schedule:

<u>Years of Employment (Inclusive)</u>	<u>Percentage of Accrued Unused Sick Hours Paid</u>	<u>Not to Exceed (Hours)</u>
5 thru 9	25%	240
10 thru 14	50%	480
15 thru 19	60%	576
20 thru 24	70%	672
25 thru 29	80%	768
30 thru 34	90%	864
35 and over	100%	960

Sick leave benefits are accrued as a liability using the termination payment method. An accrual for earned sick leave is made to the extent that it is probable that the benefits will result in termination payments. The liability is based on the County's past experience of making termination payments.

FUND BALANCE RESERVES/DESIGNATIONS

The County records reservations for portions of fund balances, which are legally segregated for specific future uses or which do not represent available spendable resources and, therefore, are not available for appropriations for expenditures. Designations of fund balances are amounts that have been designated by management for a specific future use, which are not legally segregated. Unreserved/undesignated fund balance indicates that portion of fund balance which is available for appropriations in future periods.

NET ASSETS

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through constitutional provisions or enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The County applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available. The government wide statement of net assets reports \$71,530,037 of restricted net assets, of which \$19,252,436 is restricted by enabling legislation.

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

OPERATING REVENUES AND EXPENSES

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the County, these revenues are charges for services for providing water service, providing wastewater treatment service, utilization of the County landfill, fees for services provided by internal service departments to other departments, and self-insurance programs. Operating expenses are necessary costs incurred to provide the goods or service that is the primary activity of the fund. All revenues and expenses not meeting these definitions are classified as nonoperating.

INTERFUND TRANSACTIONS

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

EXTRAORDINARY AND SPECIAL ITEMS

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the County and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during 2005.

ESTIMATES

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE C – CHANGES IN ACCOUNTING PRINCIPLES

For 2005, the County has implemented GASB Statement No. 40, “Deposit and Investment Risk Disclosures” and GASB Statement No. 42, “Accounting and Financial Reporting for Impairment of Capital Assets and For Insurance Recoveries”.

GASB Statement No. 40 establishes new disclosure requirements for risks associated with deposits and investments.

GASB Statement No. 42 establishes accounting and financial reporting standards for impairment of capital assets and clarifies and establishes accounting requirements for insurance recoveries.

The implementation of GASB statement No. 42 did not affect the presentation of the financial statements of the County.

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE D – RECONCILIATION OF BUDGET BASIS TO GAAP BASIS

While the County is reporting financial position, results of operations and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The Statements of Revenues, Expenditures and Changes in Fund Balances – Budget and Actual (Budget Basis) are presented in the basic financial statements for the General Fund and Other Major Funds. The major differences between the budget basis and the GAAP basis are:

- (a) Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
- (b) Expenditures/expenses are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
- (c) Outstanding year end encumbrances are treated as expenditures (budget basis) rather than as a reservation of fund balance (GAAP basis) for governmental funds.

Net Change in Fund Balance General and Major Funds

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE E – DEPOSITS AND INVESTMENTS

PRIMARY GOVERNMENT

State statutes classify monies held by the County into these categories.

Active deposits are public deposit necessary to meet current demands on the County treasury. Such monies must be maintained either as cash in the County treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the County has identified as not required for normal daily operating needs. Inactive deposits must either be evidenced by certificates of deposit maturing not later than five years from the date of purchase, or by savings or deposit accounts including, but not limited to, passbook accounts.

Protection of the County's deposits is provided by the Federal Deposit Insurance Corporation, by eligible securities pledged by the financial institution as security for repayment, by Surety Company bonds issued in the name of the County or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution. Inactive monies can be deposited or invested in the following securities:

1. United States Treasury notes, bills, bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal or interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bond and other obligations of the State of Ohio or its political subdivisions;
5. No-load money market mutual funds consisting exclusively of obligations described in divisions (1) and (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE E – DEPOSITS AND INVESTMENTS (CONTINUED)

PRIMARY GOVERNMENT (Continued)

6. The State Treasurer's investment pool (STAR Ohio);
7. High grade commercial paper or bankers acceptances for a period not to exceed 180 days and in a combined amount not to exceed twenty-five percent of the County's total average portfolio.

Investments in stripped principal or interest obligations reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the County, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

DEPOSITS

Custodial Credit Risk

At December 31, 2005, the carrying amount of the County's deposits was \$70,930,831. Based on the criteria described in GASB 40, "Deposits and Investment Risk Disclosures", as of December 31, 2005, \$79,155,622 of the County's bank balance of \$90,995,991 was exposed to custodial risk as discussed below, while \$1,840,369 was covered by the Federal Deposit Insurance Corporation (FDIC). Although all State statutory requirements for the deposit of money had been followed, non-compliance with federal requirements could potentially subject the County to a successful claim by the FDIC.

Custodial credit risk is the risk that, in the event of bank failure, the County's deposits may not be returned. All deposits collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial collateral pools at Federal Reserve Banks, or at member banks of the Federal Reserve System, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held by the Federal Reserve Bank in the name of the County.

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE E – DEPOSITS AND INVESTMENTS (CONTINUED)

INVESTMENTS

Investments are reported at fair value. As of December 31, 2005, the County had the following investments:

	Maturity			Total
	Less Than Six Months	More Than Six Months But Less Than One Year	More Than One Year But Less Than Three Years	
Federal Home Loan Mortgage Corporation Notes	\$20,377,801	\$ 7,855,580	\$ 5,956,241	\$34,189,622
Federal Home Loan Bank Notes	313,420	17,316,552	7,893,137	25,523,109
Federal National Mortgage Association Notes	159,045	9,929,308	0	10,088,353
STAR Ohio	<u>11,466,039</u>	<u>0</u>	<u>0</u>	<u>11,466,039</u>
Total Portfolio	<u>\$32,316,305</u>	<u>\$35,101,440</u>	<u>\$13,849,378</u>	<u>\$81,267,123</u>

Interest Rate Risk

As a means of limiting its exposure to fair value losses caused by rising interest rates, the County's investment policy requires that operating funds be invested primarily within five years from the date of purchase and that the County's investment portfolio be structured so that securities mature to meet cash requirements for ongoing operations and/or long-term debt payments. The stated intent of this policy is to avoid the need to sell securities prior to maturity.

Credit Risk

The Federal Home Loan Mortgage Corporation Notes, the Federal Home Loan Bank Bonds and the Federal National Mortgage Association Notes carry a rating of AAA by Standard & Poor's and STAR Ohio also carries a rating of AAAM by Standard & Poor's. Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service. The County has no investment policy that would further limit its investment choices.

NOTE E – DEPOSITS AND INVESTMENTS (CONTINUED)

INVESTMENTS (Continued)

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Federal Home Loan Mortgage Corporation Notes, the Federal Home Loan Bank Notes and the Federal National Mortgage Association Notes are exposed to custodial credit risk in that they are uninsured, unregistered and held by the counterparty's trust department or agent but not in the County's name. The County has no investment policy dealing with investment custodial risk beyond the requirement in State statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the Treasurer or qualified trustee.

Concentration of Credit Risk

The County places no limit on the amount it may invest in any one issuer. The following is the County's allocation as of December 31, 2005:

<u>Investment</u>	<u>Percentage of Investments</u>
Star Ohio	14.11%
Federal Home Loan Mortgage Corporation Notes	42.07%
Federal Home Loan Bank Notes	31.41%
Federal National Mortgage Association Notes	12.41%

COMPONENT UNIT

At December 31, 2005 the carrying amount of Deepwood Industries, Inc. Workshop's deposits was \$308,135. Based on the criteria described in GASB 40 "Deposits and Investments Risk Disclosures", as of December 31, 2005, \$100,473 of the Workshop's bank balance of \$325,294 was exposed to custodial risk, while \$224,821 covered by the Federal Depository Insurance Corporation.

Also at December 31, 2005, the Workshop had investments, strictly in mutual funds, in the amount of \$145,580. These investments were reported at fair value with maturities less than six months. The full amount of the investments was protected by the Securities Investor Protection Corporation. There are no statutory guidelines regarding the deposit and investment of funds by the not-for-profit corporation.

NOTE G – INTERFUND RECEIVABLES/PAYABLES

Interfund balances at December 31, 2005, consisted of the following amounts and represent charges for services or reimbursable expenses. These remaining balances resulted from the time lag between the dates that (1) interfund goods or services are provided or reimbursable expenditures occurred, (2) transactions are recorded in the accounting records, and (3) payments between funds are made. All are expected to be paid within one year.

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE H – LONG-TERM DEBT (CONTINUED)

The County has entered into agreements to lease equipment and machinery. These agreements, in substance, are capital purchases and the related obligations are classified as capital leases payable in the financial statements. The following is a schedule of the future minimum lease payments for the above capital leases and the present values of minimum lease payments at December 31, 2005.

<u>YEAR</u>	<u>BUSINESS-TYPE ACTIVITIES</u>
2006	\$ 38,389
Less Amount Representing Interest	<u>0</u>
Present Value of Future Minimum Lease Payments	\$ 38,389

At December 31, 2005, the County had entered into various operating leases, with terms ranging in length from one to twenty-two years, for office space and equipment. The total future rental payment for these leases is \$4,983,233. Of this amount, \$4,714,401 represents future rental payments for the occupation of buildings. Operating lease payments are recorded in the period they are paid.

The following is a schedule of the future operating lease payments:

<u>Year</u>	<u>Amount</u>
2006	\$ 641,154
2007	584,951
2008	560,000
2009	433,487
2010	383,034
2011-2015	1,730,607
2016-2017	<u>650,000</u>
	\$4,983,233

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE H – LONG-TERM DEBT (CONTINUED)

Unvoted general obligation bonds issued for governmental purposes of the County will be retired from the debt service fund using unvoted general property tax revenue. General obligation bonds issued for enterprise fund purposes will be retired from charges for services in the enterprise funds. Special assessment debt will be paid from the proceeds of special assessments levied against benefited property owners. In the event that a property owner would fail to pay the assessment, payment would be made by the County. Special assessment bonds are not included in capital assets, net of related debt for governmental activities since the debt is being used to pay for business-type capital assets.

In 1992, the County defeased \$7.5 million dollars in State Route 91 Water System Bonds (1988 issue) by placing the proceeds of new bonds in an irrevocable trust with an escrow agent to provide for all future debt service payments on the olds bonds. At December 31, 2005, \$3,100,000 of the 1988 SR91 bonds outstanding are considered defeased. In 2002, the County defeased \$4,720,000 million dollars in State Route 91 Water System Bonds (1992 issue) by placing the proceeds of new bonds in an irrevocable trust with an escrow agent to provide for all future debt service payments on the old bonds. At December 31, 2005, \$3,215,000 of the 1992 SR91 bonds outstanding are considered defeased. Accordingly, the trust account assets and the liability for both of these defeased bond issues are not included in the County's financial statements.

In 2005, the County issued special assessment bonds in the amount of \$670,000 to retire short-term note debt which was issued to finance improvements to the County's water system. Also in 2005, the county issued \$17,871,000 in general obligation bonds and \$159,000 in special assessment bonds. The entire amount of the \$159,000 in special assessment bonds was issued to advance refund \$150,000 of existing 1991 water improvement bonds. Of the total amount of new general obligation bonds issued in 2005, \$636,000 was issued to advance refund \$615,000 of existing 1991 Forensic Crime Laboratory Bonds and \$1,735,000 was issued to advance refund \$1,665,000 of existing 1995 Human Services Center Bonds. This refunding was undertaken to reduce future debt service payments. The remaining portion of the general obligation bonds, \$15,500,000, was issued to retire short-term note debt which was issued to finance building improvements to the County Courthouse and the County Auditor's and County Treasurer's offices.

The advance refunding in 2005 resulted in a decrease in the County's debt service payments in the amount of \$177,912. Proceeds of \$2,541,577 were deposited in and irrevocable trust with an escrow agent to provide for all future debt service payments on the old bonds. At December 31, 2005, \$2,205,000 of these bonds are considered defeased. Accordingly, the trust account assets and the liability for this defeased bond issue are not included in the County's financial statements. The County also incurred an economic gain (difference between the present value of the old and new debt service payments) of \$150,099 on this refunding.

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE H – LONG-TERM DEBT (CONTINUED)

Ohio Water Development Authority (OWDA) loans are direct obligations of the enterprise funds. Administration of principal and interest is managed directly by the Department of Utilities. The loans are secured by the assets to which they are related. The OWDA loans are retired primarily from user fees, although special assessments from customers retire some OWDA loans.

Other long-term obligations consist of an agreement with the City of Willowick whereby the County acquired various land and plant facilities from the City. In exchange, the County has agreed to pay directly to the City, when due, amounts sufficient to service the City's long-term debt funding requirements relating to the assets acquired. This obligation, amounting to \$25,000 as of the balance sheet date, is to be financed from water revenues. The agreement further provides for the reconveyance of the assets and the responsibility for servicing the related indebtedness to the City in the event disposition of such by the County is desired or found necessary. An additional other long-term obligation is an interest-free loan from the Ohio Public Works Commission.

The compensated absence liability will be paid from the fund that the employees' salaries are paid. These funds include the following: General, MR & DD Board, Public Assistance, Children Services, Child Support Enforcement, Youth Services Grant, Felony Delinquent Care and Custody, Auto License and Gasoline Tax, Municipal Street Improvement and Construction, Engineer's Stormwater Maintenance, ADAMHS Board, Dog and Kennel, Narcotics Agency, Forensic Crime Laboratory, Emergency Management Agency, Prosecutor's 4-D, Prosecutor's Victim/Witness Assistance, Pilot Probation Grant, Emergency Planning, Domestic Relations Court 4-D, Certificate of Title Administration, Sheriff's Drug/Alcohol Treatment, Telecommunications, Real Estate Assessment, Hotel/Motel, Geographic Information System, Water, Wastewater, Solid Waste, Central Purchasing, Mailroom and Garage. Employees earn 15 days of sick leave per year. Upon retirement or resignation, employees with 5 years of service are compensated for unused sick leave based on the total number of hours accumulated and the County's conversion schedule. Vacation time is vested for employees after a minimum of one year of service. According to State law, vacation time may be accumulated up to 3 years. Unused vacation time, unpaid overtime and unused compensatory time are payable upon termination of employment. All sick, vacation and compensatory time payments are made at the employee's current wage rate.

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE H – LONG-TERM DEBT (CONTINUED)

The Ohio Revised Code provides that the net general obligation debt of the County, exclusive of certain exempt debt, issued without a vote of the electors shall never exceed one percent of the total assessed valuation of the County. The Code further provides that the total voted and unvoted net debt of the County, less the same exempt debt shall never exceed a sum equal to three percent of the first \$100,000,000 of the assessed valuation, plus one and one-half percent of such valuation in excess of \$100,000,000 and not in excess of \$300,000,000, plus two and one-half percent of such valuation in excess of \$300,000,000. At December 31, 2005, the County had an unvoted debt margin of \$40.5 million and a direct debt margin of \$134.2 million.

Conduit Debt Obligations

From time to time, the County has issued Industrial Revenue Bonds to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. Neither the County, the State, nor any political subdivision thereof, is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. As of December 31, 2005, there were thirteen series of Industrial Revenue Bonds outstanding, with an aggregate principal amount payable of \$141,974,147.

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE J – PENSION OBLIGATIONS AND OTHER POSTEMPLOYMENT BENEFITS

OHIO PUBLIC EMPLOYEES RETIREMENT SYSTEM (OPERS)

Pension Benefits

The County participates in the Ohio Public Employees Retirement System (OPERS). OPERS administer three separate pension plans. The traditional plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20 percent per year). Under the member directed plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The combined plan is a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and a defined contribution plan. Under the combined plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar to the traditional plan benefit. Member contributions, whose investment is self-directed by the member, accumulate retirement assets in a manner similar to the member directed plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost of living adjustments to members of the traditional and combined plans. Members of the member directed plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that may be obtained by writing to OPERS, 277 E. Town St., Columbus, OH 43215-4642 or by calling (614) 222-6701 or (800) 222-7377.

For the year ended December 31, 2005, the members of all three plans, except those in law enforcement participating in the traditional plan, were required to contribute 8.5 percent of their annual covered salaries. Members participating in the traditional plan that were in law enforcement contributed 10.1 percent of their annual covered salary. The County's contribution rate for pension benefits for 2005 was 9.55 percent, except for those plan members in law enforcement for which the County's pension contributions were 12.7 percent of covered payroll. The Ohio Revised Code provides statutory authority for member and employer contributions.

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE J – PENSION OBLIGATIONS AND OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

OHIO PUBLIC EMPLOYEES RETIREMENT SYSTEM (OPERS) (Continued)

Pension Benefits (Continued)

The County's required contributions for pension obligations to the traditional and combined plans for the years ended December 31, 2005, 2004, and 2003 were \$7,723,136, \$7,776,410, and \$6,279,693 respectively; 100 percent has been contributed for 2005, 2004, and 2003. Contributions to the member-directed plan for 2005 were \$93,140 made by the County and \$58,428 made by the plan members.

Other Postemployment Benefits (OPEB)

The OPERS also provides post-retirement health care coverage to age and service retirees with ten or more years of qualifying Ohio service credit with either the traditional or combined plans. Health care coverage for disability recipients and primary survivor recipients is available. Members of the member-directed plan do not qualify for post-retirement health care coverage. The health care coverage provided by the retirement system is considered an Other Postemployment Benefit (OPEB) as defined in Statement No.12 of the Government Accounting Standards Board, "Disclosure of Information on Postemployment Benefits Other Than Pension Benefits by State and Local Government Employers" (GASB Statement No. 12).

A portion of each employer's contribution to the traditional or combined plans is set aside for the funding of post retirement health care based on the authority granted by State statute. The 2005 employer contribution rate for employees other than law enforcement was 13.55 percent for covered payroll; 4.00 percent was the portion that was used to fund health care. The law enforcement employer rate for 2005 was 16.70 percent and 4.00 percent was used to fund health care. The County's actual contributions for 2005 that were used to fund postemployment benefits were \$3,147,570, which were equal to the required contribution.

OPEB's are advance-funded using the entry age normal cost method. Significant actuarial assumptions, based on OPERS's latest actuarial review performed as of December 31, 2004, include a rate of return on investments of 8.00 percent, an annual increase in active employee total payroll of 4.00 percent compounded annually (assuming no change in the number of active employees) and an additional increase in total payroll of between 0.50 percent and 6.30 percent based on additional annual pay increases. Health care premiums were assumed to increase between 1.0 and 6.0 percent annually for the next eight years and 4.0 percent annually after eight years.

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE J – PENSION OBLIGATIONS AND OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

OHIO PUBLIC EMPLOYEES RETIREMENT SYSTEM (OPERS)

Other Postemployment Benefits (OPEB) (Continued)

All investments are carried at market. For actuarial valuation purposes, a smoothed market approach is used. Assets are adjusted to reflect 25 percent of unrealized market appreciation or depreciation on investment assets.

The number of active contributing participants was 376,109. OPERS's net assets available for payment of benefits at December 31, 2004 (the latest information available) were \$10.8 billion. The actuarially accrued liability and the unfunded actuarial accrued liability were \$29.5 billion and \$18.7 billion, respectively.

On September 9, 2004 the OPERS Retirement Board adopted a Health Care Preservation Plan (HCPP) with an effective date of January 1, 2007. The HCPP restructures OPERS' health care coverage to improve the financial solvency of the fund in response to skyrocketing health care costs.

STATE TEACHERS RETIREMENT SYSTEM (STRS)

Pension Benefits

The County participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple-employer public employee retirement system. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 East Broad Street, Columbus, Ohio 43215-3371 or by calling (614) 227-4090.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on member contributions and earned interest matched by STRS Ohio funds times an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE J – PENSION OBLIGATIONS AND OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

STATE TEACHERS RETIREMENT SYSTEM (STRS) (Continued)

Pension Benefits (Continued)

contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. DC and Combined Plan members will transfer to the Defined Benefit Plan during their fifth year of membership unless they permanently select the DC or Combined Plan. Existing members with less than five years of service credit as of June 30, 2001, were given the option of making a one time irrevocable decision to transfer their account balances from the existing DB Plan into the DC Plan or the Combined Plan. This option expired on December 31, 2001. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

For the fiscal year ended June 30, 2005, plan members were required to contribute 10 percent of their annual covered salaries. The County was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The County's required contributions for pension obligations to the DB Plan for years ended December 31, 2005, 2004, and 2003 were \$101,208, \$123,950 and \$80,862 respectively; 100 percent has been contributed for fiscal year 2005, 2004 and 2003. Currently, all members are enrolled in the DB Plan.

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE J – PENSION OBLIGATIONS AND OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

STATE TEACHERS RETIREMENT SYSTEM (STRS) (Continued)

Pension Benefits (Continued)

Other Postemployment Benefits (OPEB)

The County provides comprehensive health care benefits to retired teachers and their dependents through the STRS. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare premiums. Benefit provisions and the obligations to contribute are established by the STRS based on authority granted by State statute and are determined on a pay-as-you-go basis.

All STRS benefit recipients and sponsored dependents are eligible for health care coverage. The STRS Ohio Board has statutory authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Most benefit recipients pay a portion of the health care cost in the form of a monthly premium. By law, the cost of coverage paid from STRS Ohio funds is included in the employer contribution rate, currently 14 percent of covered payroll. For the fiscal year ended June 30, 2005, the STRS Ohio Board allocated employer contributions equal to 1 percent of covered payroll to the Health Care Stabilization Fund. For the County, this amount equaled \$7,785 for fiscal year 2005.

STRS Ohio pays health care benefits from the Health Care Stabilization Fund. At June 30, 2005, the balance in the Fund was \$3.3 billion. For the year ended June 30, 2005, net health care costs paid by STRS Ohio were \$254,780,000 and STRS Ohio had 115,395 eligible benefit recipients.

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE K – PROPERTY TAX REVENUES

Property taxes include amounts levied against all real, public utility and tangible personal property located in the County. Property tax revenue received during 2005 for real and public utility property taxes represents collections of 2004 taxes. Property tax payments received during 2005 for tangible personal property (other than public utility property) are for 2004 taxes.

2005 real property taxes are levied after October 1, 2005 on the assessed value as of January 1, 2005 lien date. Assessed values are established by State law at 35% of appraised market value. 2005 real property taxes are collected in and intended to finance 2006.

Public utility tangible personal property currently is assessed at varying percentages of true value. Public utility real property is assessed at 35 percent of true value. 2005 public utility property taxes became a lien December 31, 2004, are levied after October 1, 2005 and are collected in 2006 with real property taxes.

2005 tangible personal property taxes are levied after October 1, 2004 on the value as of December 31, 2004. Collections are made in 2005. Tangible personal property assessments are 25 percent of true value for capital assets and 23 percent of true value for inventory.

The full tax rate for all County operations for the year ended December 31, 2005, was \$10.20 per \$1,000 of assessed value. The assessed values of real and tangible personal property upon which 2005 property tax receipts were based are as follows:

Real Property	\$5,464,031,350
Public Utility Personal Property	403,485,420
Tangible Personal Property	<u>478,531,679</u>
Total Assessed Value	<u>\$6,346,048,449</u>

Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statutes permit later payment dates to be established.

Tangible personal property taxes paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30, with the remainder payable at September 20.

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE K – PROPERTY TAX REVENUES (CONTINUED)

The County Treasurer collects property taxes on behalf of all taxing districts within the County. The County Auditor periodically remits to the taxing districts their portions of the taxes collected. Collections of the taxes and remittance of them to the taxing districts are accounted for in various agency funds of the County. Property taxes receivable represent real and tangible personal property taxes, public utility taxes and outstanding delinquencies which are measurable as of December 31, 2005 and for which there is an enforceable legal claim. Although total property tax collections for the next year are measurable, amounts to be received during the available period are not subject to reasonable estimation at December 31 and are not intended to finance 2005 operations. The receivable is therefore offset by a credit to deferred revenue. On a full accrual basis, collectible delinquent property taxes have been recorded as revenue while the remainder of the receivable is deferred.

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE L – RECEIVABLES AND INTERGOVERNMENTAL REVENUES

Receivables at December 31, 2005, consisted of taxes, accounts (billings for user charged services, including unbilled utility services), special assessments, accrued interest, loans (community development block grant monies loaned to local businesses) and intergovernmental receivables arising from grants and entitlements. All receivables are considered fully collectible, including accounts receivable which, if delinquent may be certified and collected as a special assessment, subject to foreclosure for nonpayment.

Special assessments expected to be collected in more than one year amount to \$11,364,930 in the special assessment bond retirement fund. The amount of delinquent special assessments outstanding at year-end is \$19,322.

A summary of the principal items of intergovernmental revenues are as follows:

GENERAL FUND

Ohio Local Government Fund Distribution	\$2,155,901
State Property Tax Reimbursement	1,453,469
Utility Deregulation Reimbursement	812,484
State Public Defender Reimbursement	635,093
Property Tax Administration Reimbursements	110,932
Juvenile Group/Detention Home Subsidies	37,449
Domestic Violence Grants	35,925
Sheriffs Law Enforcement Grant	14,018
Sheriffs Salary Reimbursements	11,335
Board of Elections Reimbursements	10,441
Probate Court Reimbursements	<u>4,810</u>
Total – General Fund	<u>\$5,281,857</u>

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE M – INTERFUND TRANSACTIONS

Interfund transfers for the year ended December 31, 2005, consisted of the following:

TRANSFERS FROM	TRANSFERS TO					TOTALS
	GENERAL	NONMAJOR SPECIAL REVENUE	NONMAJOR DEBT SERVICE	NONMAJOR CAPITAL SERVICE	NONMAJOR INTERNAL SERVICE	
General		\$1,094,497	\$2,871,702	\$274,100	\$820,940	\$5,061,239
MR & DD Board				159,456		159,456
Nonmajor Special Revenue	55,111	3,122,453	122,173	216,769		3,516,506
Nonmajor Capital Projects	<u>87,240</u>	<u>0</u>	<u>0</u>	<u>0</u>	<u>0</u>	<u>87,240</u>
Totals	<u>\$142,351</u>	<u>\$4,216,950</u>	<u>\$2,993,875</u>	<u>\$650,325</u>	<u>\$820,940</u>	<u>\$8,824,441</u>

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them; to move unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations; to provide additional resources for current operations or debt service; reclassification of prior year distributed monies, to segregate money for anticipated capital projects; and to return money to the fund from which it was originally provided once a project is completed.

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE N – ENCUMBRANCES

Encumbrance accounting is employed in all County funds except Job and Family Services and CDBG. Encumbrances outstanding at year-end are closed to unreserved fund balance/retained earnings and are reappropriated at the beginning of the succeeding year.

At December 31, 2005, encumbrances outstanding in governmental funds and proprietary funds which were reappropriated in the 2006 budget were:

General Fund	\$1,382,943
Special Revenue Funds	1,966,078
Capital Projects Funds	781,686
Enterprise Funds	298,437
Internal Service Funds	<u>3,729</u>
Total	<u>\$4,432,873</u>

On the GAAP basis, a portion of these encumbrances represented accrued liabilities of the County. At December 31, 2005, encumbrances less these accrued liabilities were:

General Fund	\$1,282,680
Special Revenue Funds	843,400
Capital Projects Funds	423,052
Enterprise Funds	285,073
Internal Service Funds	<u>2,040</u>
Total	<u>\$2,836,245</u>

NOTE O – CONTINGENCIES, JUDGEMENTS AND CLAIMS

The County is a defendant in a number of claims and lawsuits which may be classified as routine litigation in which minimal non-material damages are being sought. In addition, the County is a defendant in numerous other claims and lawsuits in which the County believes the amounts claimed to be overstated and the chance of losing these cases nominal. In the opinion of the County Prosecutor no material liability is anticipated.

The County participates in several federal and state assisted grants and programs that are subject to financial and compliance audits by the grantor agencies or their representatives. These audits could lead to a request for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. The County believes that disallowed claims, if any, will not have a material adverse effect on the County's financial position.

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE P – LANDFILL CLOSURE AND POSTCLOSURE COSTS

State and federal laws and regulations require the County to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and post closure care costs will be paid only near or after the date that the landfill stops accepting waste, the County reports a portion of these closure and post closure care costs as an operating expense in each period based on landfill capacity used as of balance sheet date. The \$8.4 million reported as landfill closure and post closure care liability at December 31, 2005, represents the cumulative amount reported to date based on the use of 74% of the estimated capacity of the landfill. The County will recognize the remaining estimated cost of closure and post closure care of \$5.2 million as the remaining estimated capacity is filled. These amounts are based on what it would cost to perform all closure and post closure care in 2005. The County expects to close the landfill in the year 2018. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

NOTE Q – RELATED PARTY TRANSACTIONS

During 2005, Lake County provided facilities, certain equipment, transportation, and salaries for administration, implementation, and supervision of programs to Deepwood Industries, Inc., (the "Workshop"), a discretely presented component unit of Lake County. The Workshop reported \$47,239 for such contributions, recording revenue and expenses at cost or fair value, as applicable, to the extent the contribution is related to the vocational purposes of the Workshop.

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE R – RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County contracted with CORSA (County Risk Sharing Authority, Inc.) for property and general liability coverage including automobiles, equipment and public officials liability. The County also maintains health-care benefits, as well as additional property and general liability coverage, from private carriers. There were no significant reductions in coverage in 2005 as compared to the previous year. Insurance premiums paid to private carriers during 2005 were approximately \$1.0 million. The amount of settlements did not exceed the coverage for each of the past three years. The County pays the State Workers Compensation System a premium based on a rate per \$100 of salaries. This rate is based on accident history and administrative costs.

In 1999, the County Commissioners initiated a self-insurance program for medical prescription coverage only. Then in 2004, the Commissioners initiated a self-insurance program for dental coverage. The maintenance of these benefits are accounted for in the Prescription Self-Insurance and the Dental Self-Insurance funds, respectively, both of which are Internal Service funds. Incurred, but not reported, prescription claims of \$80,421 and dental claims of \$21,333, have been accrued based upon a review of the January, 2006 billings provided by the County Commissioners' Office.

The total claims liability of \$101,754 reported in the internal service fund at December 31, 2005, is based on the requirements of GASB Statement No. 10 which requires that a liability for unpaid claims costs, including estimates of cost relating to incurred but not reported claims, be reported. The estimates were not affected by incremental claims adjustments expenses and do not include other allocated or unallocated claims adjustment expenses. Changes in the funds claims liability amounts for the last three fiscal years were:

	Balance at Beginning Of Year	Current Year Claims	Claim Payments	Balance at End of Year
<u>Prescription</u>				
2003	\$55,181	\$1,816,825	\$1,790,455	\$81,551
2004	81,551	1,954,706	1,964,015	72,242
2005	72,242	1,851,685	1,843,506	80,421
<u>Dental</u>				
2004	0	490,682	471,685	18,997
2005	18,997	559,824	557,488	21,333

LAKE COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE S – PUBLIC ENTITY RISK POOLS

COUNTY RISK SHARING AUTHORITY

The County Risk Sharing Authority, Inc. (CORSA) is a public entity risk sharing pool among sixty counties in Ohio. CORSA was formed as an Ohio nonprofit corporation for the purpose of establishing the CORSA Insurance/Self-Insurance Program, a group primary and excess insurance/self-insurance and risk management program. Member counties agree to jointly participate in coverage of losses and pay all contributions necessary for the specified insurance coverages provided by CORSA. These coverages include comprehensive general liability, automobile liability, certain property insurance, public officials' liability and police professional insurance.

Each member County has one vote on all matters requiring a vote, to be cast by a designated representative. An elected board of not more than nine trustees manages the affairs of the Corporation. Only county commissioners of member counties are eligible to serve on the board. No county may have more than one representative on the board at any time. Each member county's control over the budgeting and financing of CORSA is limited to its voting authority and any representation it may have on the board of trustees. CORSA has issued certificates of participation in order to provide adequate cash reserves. The certificates are secured by the member counties' obligations to make coverage payments to CORSA. The participating counties have no responsibility for the payment of the certificates. The County does not have an equity interest in CORSA. The County's payment for insurance to CORSA in 2005 was \$859,810.

NOTE T – DEFICIT FUND BALANCES

At December 31, 2005, the Juvenile Court Increased Accountability Fund had a deficit fund balance of \$3,991 on the budgetary basis of accounting. This deficit is the result of the recognition of year-end encumbrances as expenditures. Since this fund is a reimbursable grant fund, the County had not received the reimbursement for these expenditures as of December 31st. This fund balance deficit was eliminated on the modified accrual basis due to the recognition of a receivable for the reimbursement.

The Local Law Enforcement Block Grant Fund had a deficit fund balance of \$5,765 in the original budget for the fund. The County was informed that this grant was not available in 2005. The County eliminated the estimated revenues from the original budget but neglected to reduce the original appropriations. This deficit fund balance was eliminated with the passage of the final budget.

The Telecommunications Fund had a deficit fund balance of \$39,375 in the original budget for the fund. Estimated revenues for transfers-in were inadvertently omitted from the original budget. This deficit fund balance was eliminated with the passage of the final budget.

There were no other material violations of finance-related legal or contractual provisions.

LAKE COUNTY, OHIO

GENERAL FUND

The General Fund accounts for all financial resources and activities of the County not accounted for in other specific funds. The major sources of revenue are sales tax, property tax and investment earnings. This is the County's operating fund.

LAKE COUNTY, OHIO

NONMAJOR SPECIAL REVENUE FUNDS

The Special Revenue Funds are used to account for specific revenue sources (other than Capital Projects or Debt Service) that require separate accounting because of legal provisions, regulatory provisions or administrative action.

PUBLIC ASSISTANCE: Administered by the Job & Family Services Department, this fund accounts for various State and Federal grants to provide public assistance to general relief recipients, pay their medical assistance providers and certain public social services. This fund includes Income Maintenance and Social Services.

WORKFORCE INVESTMENT ACT: Funded by the Federal Government, and passed through the State, the fund provides for comprehensive, coordinated workforce training programs for adult, youth and dislocated workers.

CHILDRENS SERVICES: Children's Services includes Child Welfare and the Caley Home. Administered by the Job & Family Services Department, this fund accounts for programs including foster care and clinical services.

CHILD SUPPORT ENFORCEMENT: Also administered by the Job & Family Services Department, this fund accounts for all child support payments and distributions.

COUNTY HOME: This facility provides shelter and care for ambulatory residents who are unable to take care of themselves due to financial hardship.

YOUTH SERVICES GRANT: Revenue for Youth Services is received from a grant and funds youth employment projects, group homes and juvenile delinquency prevention programs.

FELONY DELINQUENT CUSTODY AND CARE: This fund accounts for expenses incurred from a probation program, administered by the Juvenile Court that assists juvenile felon offenders. Funding is provided by a state grant.

SENIOR CITIZENS SERVICES: Funding generated by a county-wide tax levy provides operating monies for the County's Council on Aging and the various senior citizens centers located in the County.

AUTO LICENSE AND GASOLINE TAX (AL & GT): This fund accounts for revenue received from motor vehicle licenses, gasoline tax and investment income. Monies are used for the operation of the County Engineer's department.

MUNICIPAL STREET IMPROVEMENT AND CONSTRUCTION: A portion of the Motor Vehicle License Tax is used for the improvement of state routes within the subdivisions of the County.

LAKE COUNTY, OHIO

NONMAJOR SPECIAL REVENUE FUNDS (CONTINUED)

ADDITIONAL MOTOR VEHICLE TAX: Per the authority of the Ohio Revised Code and approved by the County Commissioners, revenue derived from this tax is used by the County Engineer to maintain roads throughout the County.

STURBRIDGE DITCH: Per the authority of the Ohio Revised Code, this fund accounts for the maintenance of the drainage ditch for the Sturbridge subdivision. Revenue is generated from special assessments charged to property owners.

ENGINEER'S STORMWATER MAINTENANCE: This fund accounts for costs associated with the control/management of storm water runoff, as mandated by the Federal E.P.A.

DOG AND KENNEL: The Dog and Kennel Fund accounts for monies from the sale of dog licenses and animals at the pound. The Dog and Kennel Fund also receives revenue from fines collected in the municipal courts. The shelter provides animal control and protection.

MARRIAGE LICENSE: A portion of the \$17 marriage license fee charged by Probate Court provides financial assistance for the victims of domestic violence.

INDIGENT DRIVER DRUG TREATMENT: Funded by fees collected by the State and remitted to the County for driver's license reinstatements, this fund is used to account for expenditures for drug treatment services for indigent juvenile drivers.

NARCOTICS AGENCY: A property tax levy is the major source of funding for the Narcotics Agency. This agency combats the illegal trafficking of drugs and drug use in Lake County.

PHARMACY DIVERSION GRANT: Funded by a state grant, this fund is used to account for the expenditures incurred by the Narcotics Agency in combating the illegal use of pharmaceutical drugs.

FORENSIC CRIME LABORATORY: Revenue for the Forensic Laboratory is generated through a property tax levy and charges for services provided to subdivisions in and out of the County. The Crime Lab provides forensic investigative services for local and state and federal law enforcement agencies.

EMERGENCY MANAGEMENT AGENCY: The EMA is funded by Federal government matching funds. This agency provides disaster services protection to the citizens of the County.

EMERGENCY RESPONSE EQUIPMENT: Funded by fines assessed to businesses and/or individuals responsible for hazardous materials spills or violations, this fund accounts for expenditures associated with emergency response equipment replacement. Periodic subsidies from the general fund will be accounted for in this fund as transfers-in.

LAKE COUNTY, OHIO

NONMAJOR SPECIAL REVENUE FUNDS (CONTINUED)

HOMELAND SECURITY: This fund accounts for Federal Grants received from the Federal Government's Department of Homeland Security, which can be expended on enhancing security throughout County facilities and within the County Sheriff's Department.

PROSECUTOR'S 4-D: Subsidized by the County's Job & Family Services Department, monies from this fund are used by the Prosecutor's Office for expenses incurred in the investigation and prosecution of individuals delinquent on their child support payments; and also for expenses incurred during the collection process of such accounts.

PROSECUTOR'S DELINQUENT TAX: Two and one-half percent of the delinquent tax collections of Lake County governmental entities are deposited into this fund. The revenue is used to defray any costs of the Prosecutor's department incurred during the collection of the delinquencies.

PROSECUTOR'S VICTIM/WITNESS ASSISTANCE: Funded by a state grant, this fund accounts for the expenses incurred by the Prosecutor's department in assisting victims of crimes and witnesses testifying for the Prosecutor's office.

SHERIFF'S MARINE PATROL: This fund accounts for a state grant which provides funding for a marine patrol division of the Sheriff's department. This division provides law enforcement along the waters of Lake Erie.

INDIGENT GUARDIANSHIP: This fund is to account for costs incurred in Probate Court cases involving guardianships of indigent individuals. Funding is provided by a \$30 fee applied to each indigent case.

PILOT PROBATION GRANT: Funded by a state grant, this fund accounts for certain expenses related to the Adult Probation Department.

800 MHZ COMMUNICATIONS SYSTEM: Revenue for this fund is received from the various governmental subdivisions and the County Sheriff's Department for fees to defray the costs involved in the maintenance of the County's emergency warning system.

450 MHZ PAGING SYSTEM: The maintenance and future upgrades of the County's pager system are the purposes of this fund. Revenues are generated by charges for services to County departments and other governmental and commercial entities equipped with the system.

EMERGENCY PLANNING: Grant money from the State provides revenue for the Emergency Planning Fund. This grant is for the handling of hazardous material and is administered by the Local Planning Committee (LEPC).

LAKE COUNTY, OHIO

NONMAJOR SPECIAL REVENUE FUNDS (CONTINUED)

DOMESTIC RELATIONS COURT 4-D: Subsidized by the County's Job & Family Services Department, monies from this fund are used to defray expenses incurred by the Domestic Relations Court during the judicial process of child support enforcement.

DOMESTIC RELATIONS COURT COMPUTERIZATION: Established by Ohio House Bill 405 this fund accounts for the collection of additional fines charged on certain Domestic Relations Court cases. The monies generated can only be used towards computerization of the Domestic Relations Court.

BEYOND THE MIDDLE PROGRAM: A state grant provides funding for this fund which accounts for expenditures incurred in the resolution of child custody and visitation disputes in the Domestic Relations Court.

JUVENILE COURT LEGAL RESEARCH: Established by Ohio House Bill 405, this fund accounts for the collection of additional fines charged on certain Juvenile Court cases. Expenditures of this fund can only be used for computerized legal research services for the Juvenile Court.

JUVENILE COURT COMPUTERIZATION: Established by Ohio House Bill 405, this fund accounts for the collection of additional fines charged on certain Juvenile Court cases. The monies generated can only be used towards computerization of the Juvenile Court.

JUVENILE COURT INCREASED ACCOUNTABILITY: A State grant provides funding to the County to provide medical assessments of incarcerated juveniles.

JUVENILE COURT IV-D: Subsidized by the County's Job & Family Services Department, monies from this fund are used to defray expenses incurred by the Juvenile Court during the judicial process of child support enforcement.

CERTIFICATE OF TITLE ADMINISTRATION: Established by Ohio House Bill 154, this fund accounts for the collection of a \$1 fee for each certificate of title issued by the Clerk of Courts office. Expenditure of these fees can only be used to pay the costs incurred by the Clerk of Courts in processing titles.

CLERK OF COURTS COMPUTERIZATION: Established by Ohio House Bill 405, this fund accounts for the collection of additional fines charged on certain Common Pleas Court cases. The monies generated can only be used towards computerization of the Clerk of Courts office.

LOCAL LAW ENFORCEMENT BLOCK GRANT: This grant, which is received by the Sheriffs Department, is used to fund crime prevention programs. The majority of the expenditures are equipment purchases for such programs.

LAKE COUNTY, OHIO

NONMAJOR SPECIAL REVENUE FUNDS (CONTINUED)

SHERIFF'S DRUG/ALCOHOL TREATMENT PROGRAM: Funded jointly through state grants and county subsidies, expenditures for this fund are for medical treatment and rehabilitation services for inmates in the County's Detention Facility who have chemical dependencies.

CONCEALED HANDGUN LICENSES: As provided for by Ohio Revised Code Section 311.42, this fund accounts for the fees collected for the issuance of licenses required in order to carry a handgun. Expenditures from this fund are to pay for operational costs of the license program and educational programs regarding handguns.

COMMON PLEAS COURT COMPUTERIZATION: Established by Ohio House Bill 405, this fund accounts for the collection of additional fines charged on certain Common Pleas Court cases. The monies generated can only be used towards computerization of the individual Common Pleas Courts.

COMMON PLEAS COURT DRUG/ALCOHOL TREATMENT: Funded by court fines from the Common Pleas Courts, this fund is used to account for drug/alcohol treatment services for indigent adult drivers.

COMMON PLEAS COURT PROJECT #1: As provided for by Ohio Revised Code Section 2303.201(E) (1), this fund accounts for fees on civil actions and judgments to be used to improve computer technology throughout the General Division of the Common Pleas Court.

COMMON PLEAS COURT PROJECT #2: As provided for by Ohio Revised Code Section 2303.301(E)(1), this fund accounts for fees on civil actions and judgments to be used for the employment, training and education of Magistrates, and the provision of mediation and dispute resolution services.

PROBATE COURT COMPUTERIZATION: Established by Ohio House Bill 405, this fund accounts for the collection of additional fines charged on certain Probate Court cases. The monies generated can only be used towards computerization of the Probate Court.

PROBATION SUPERVISION FEES: The fund accounts for the \$10.00 per month fee charged to offenders who are sentenced to probation under Senate Bill 2. These monies are used to fund the Adult Probation Department.

JAIL REDUCTION GRANT: Funded by a state grant, this fund accounts for the costs of the County's "house arrest" program. The house arrest program involves monitoring the location of the respective offenders through the use of electronic supervision equipment. One of the purposes of this program is to free up cells in the County's Detention Facility by having the offenders confined to their own residence. Only "non-threatening" offenders are considered for this program.

LAKE COUNTY, OHIO

NONMAJOR SPECIAL REVENUE FUNDS (CONTINUED)

PROBATE COURT CONDUCT OF BUSINESS: As provided for by Ohio Revised Code Section 2101.19, this fund accounts for all monies received from the sale of merchandise to be used in connection with any license, order, or document issued by the Probate Court. The monies so received shall be used solely for the conduct of business of the Probate Court.

PROBATE COURT MEDIATION: This fund accounts for fees that are assessed on civil actions or proceedings. The fees are utilized by the Court to provide mediation services for the resolution of disputes between parties to any civil action or proceeding.

TELECOMMUNICATIONS: Revenue for this fund is generated from billing charges to departments for repairs, installation and travel time for services rendered. Monies provided are utilized to offset operational expenses of the Telecommunications Department, which is responsible for the installation, operation and maintenance of the County's various telecommunications systems.

REAL ESTATE ASSESSMENT: This fund accounts for monies collected from tax settlements from political subdivisions to finance the appraisal of real property within the County.

TREASURER'S DELINQUENT TAX: Two and one-half percent of delinquent tax collections of Lake County governmental entities are deposited into this fund. The revenue is used to defray costs of the Treasurer's department incurred during the collection of the delinquencies.

COUNTY RECORDER'S EQUIPMENT: Established by Ohio House Bill 152, this fund accounts for the collection of fees charged by the County Recorder for the filing or recording of legal documents. Expenditure of these fees can only be used for the purchase, lease, etc. of micrographic or other equipment for the Recorder.

HOTEL/MOTEL TAX ADMINISTRATION: This fund accounts for the collection and distribution of the County's hotel/motel tax to the County Visitor's Bureau.

GEOGRAPHIC INFORMATION SYSTEM: This fund accounts for the activity of the Geographic Information System (GIS) Department. This department was created by the Commissioners to develop and maintain a geographic mapping database which, when fully operational, can be utilized by virtually any county department, political subdivision and the public to produce a map outlining such items as municipal, school and voting precinct boundaries, utility connections, topography information, telecommunications data and lines, emergency personnel routes, etc. Funding is provided by transfers from the County General Fund, the Real Estate Assessment Fund and the Additional Motor Vehicle Tax Fund.

LAKE COUNTY, OHIO

NONMAJOR SPECIAL REVENUE FUNDS (CONTINUED)

BOARD OF ELECTIONS VOTER EDUCATION AND POLLWORKER TRAINING: A State grant provides funding to assist the County in defraying the costs of training poll workers and also to educate the public on voting procedures and the use of the County's voting equipment.

HOME PROGRAM: This program, funded by the U.S. Department of Housing and Urban Development, provides housing rehabilitation services for the elderly and low-income residents of the County.

COASTAL FEASIBILITY STUDY: This fund accounts for a grant to conduct the County's "Coastal Plan Preliminary Feasibility Study".

CLEAN OHIO GRANT: A State grant was obtained by the County to assist in the cleanup of a former brownfield site within the County.

COMMUNITY AND ECONOMIC DEVELOPMENT BLOCK GRANT: The Community Development Block Grant (CDBG) aids in the rehabilitation and new construction of underdeveloped areas on a County-wide basis.

LAKE COUNTY, OHIO

NONMAJOR DEBT SERVICE

The debt service funds are used to account for the accumulation of resources and payment of general obligation and special assessment bond principal, interest, and related costs.

JAIL BOND RETIREMENT: This fund is used to account for the retirement of debt used to finance the construction of the County Detention Facility. The retirement of this debt is funded through operating transfers from the General Fund.

COUNTY FACILITIES BOND RETIREMENT: This fund is used to account for the retirement of debt used to finance the construction of County facilities. The retirement of this debt is funded through operating transfers from various County funds.

NONMAJOR CAPITAL PROJECT FUNDS

The Capital Project Funds are used to account for financial resources to be used for the acquisition, construction or improvement of major capital facilities and other capital assets (other than those financed by the proprietary funds).

PERMANENT IMPROVEMENT FUND: This fund accounts for costs of minor building, remodeling and rehabilitation projects that are not accounted for in a separate fund within this capital projects fund type. Its primary source of revenue is operating transfers from the General Fund.

M.R. & D.D. BOARD CAPITAL IMPROVEMENT: This fund accounts for all capital-related expenditures of the Mental Retardation and Developmental Disabilities Board including the remodeling of and additions to board facilities. Financing is provided through transfers from the Board's special revenue operating fund.

DOG SHELTER RENOVATION: This fund will account for construction costs incurred in the renovation of a new County Dog Shelter or for the purchase of a new facility. Financing is currently provided by donations from pet owners and other sources to the County Dog Warden.

800 MHZ TOWER REPLACEMENT: This fund accounts for the financing and costs associated with the construction of a replacement telecommunications tower. Financing is provided by fees charged to telecommunications users who utilize the tower for transmission of their service to end users.

JUVENILE JUSTICE CENTER RENOVATION: This fund accounts for construction costs incurred in the renovation of the Juvenile Justice Center. Financing has previously been provided by transfers from the General Fund and general obligation note proceeds.

COURTHOUSE WEST ANNEX RENOVATION: This fund accounts for improvements to the Courthouse Annex Building. Funding is currently provided by the General Fund.

ENGINEER'S OFFICE CONSTRUCTION: This fund will account for construction costs incurred in constructing a new facility for the County Engineer's Office. Previous financing has been provided from transfers from the General Fund.

153 EAST ERIE STREET RENOVATION: This fund will account for renovation costs incurred for a County-owned building purchased in 2001. It has not been determined yet which departments will be relocated to this building. Funding is currently provided from transfers from the General Fund.

LAKE COUNTY, OHIO

NONMAJOR CAPITAL PROJECT FUNDS (CONTINUED)

AUDITOR'S AND TREASURER'S RENOVATIONS: This fund accounts for construction costs incurred in the renovation of the offices of the County Auditor and the County Treasurer. Financing has been provided by the issuance of general obligation bonds.

WATER/SEWER CAPITAL IMPROVEMENT: This fund accounts for the special assessment bond proceeds for a water/sewer improvement project.

DETENTION FACILITY IMPROVEMENTS: This fund accounts for building improvements being performed at the County's Jail.

BOARD OF ELECTIONS EQUIPMENT: This fund accounts for the purchase of voting equipment and software which was funded by a Federal grant.

ENTERPRISE FUNDS

Enterprise Funds are used to account for the County's ongoing operations and activities which are similar to those often found in the private sector. The measurement focus is upon determination of net income, financial position and cash flows. These funds account for the acquisition, operation, maintenance and improvement of County facilities which are operated by the Department of Utilities and are financed primarily by user charges.

WATER: The County provides water to residential, commercial and industrial customers. Revenue generated through user charges is used for operation, maintenance and capital improvements of the water distribution system.

WASTEWATER: The County provides sanitary sewer service to residential, commercial and industrial customers. Wastewater charges are based on water usage and serve as the major revenue source for financing the operations and maintenance of the wastewater system.

SOLID WASTE: This fund is used to account for the financial operations of the County's solid waste removal and landfill activities. Revenues are generated primarily from user tipping fees.

LAKE COUNTY, OHIO

NONMAJOR INTERNAL SERVICE FUNDS

Internal Service Funds are used to account for the financing of goods and services provided by one department to other County departments or other governments on a cost-reimbursement basis.

CENTRAL PURCHASING: This department operates a storeroom of consumable supplies to service all other county departments and other governmental agencies. Revenue is derived from user charges which are based on actual costs of item(s) purchased.

MAILROOM: This department provides centralized interoffice and outgoing mail services for all County departments. Charges are on a cost-reimbursement basis for postage used.

GARAGE: This department provides gasoline and repair/maintenance services for all County vehicles. Users are billed for costs incurred.

PRESCRIPTION SELF-INSURANCE: This fund accounts for a self-insurance program for medical prescription coverage for the employees of the County. The primary sources of revenue are monthly fees.

DENTAL SELF-INSURANCE: This fund accounts for a self-insurance program for dental insurance coverage for the employees of the county. The primary sources of revenue are monthly fees.

LAKE COUNTY, OHIO

AGENCY FUNDS

Agency Funds are established to account for assets received and held by the County acting in the capacity of a custodian. They do not purport to present the financial position or results of operations of the related entities.

PAYROLL AGENCY FUNDS: These funds include payroll control which are ministerial in nature. (i.e. Federal Withholding Tax, Workers' Compensation)

UNDIVIDED TAX FUNDS: The Undivided Tax Funds account for all undivided taxes collected by the County and their distribution to the proper beneficiaries.

OTHER AGENCY FUNDS: The Other Agency Funds account for all other monies held by the County as custodian.
