TEMPORARY TENTS AND CANOPIES

PURPOSE

The following information is to provide guidance for applicants regarding plan submittal and other general requirements based on the use of tents, canopies and membrane structures according to the 2017 Ohio Building Code (OBC).

SCOPE

OBC 3102.1.1 Approval required.

Tents and membrane structures having an area in excess of 400 square feet shall not be erected, operated or maintained for any purpose without first receiving plan approval in accordance with the provisions of Chapter 1.

Exceptions:

1. Tents used exclusively for recreational camping purposes.
2. Tents open on ALL sides which comply with all of the following:
 - 2.1. Individual tents having a maximum size of 700 square feet.
 - 2.2. The aggregate area of multiple tents placed side by side with a minimum clearance of less than 12 feet, not exceeding 700 square feet.
 - 2.3. A minimum clearance of 12 feet to all structures and other tents.

DEFINITIONS

TENT - A structure, enclosure or shelter, with or without sidewalls or drops, constructed of fabric or other pliable material supported by any manner except by air or the contents that it protects.

CANOPY - A permanent structure or architectural projection of rigid construction over which a covering is attached that provides weather protection, identity or decoration, and shall be structurally independent or supported by attachment to a building on one end and by not less than one stanchion on the outer end.

GUIDELINES

I. Permitting

A building permit from the Lake County Building Department is required prior to the assembly of tents, canopies and temporary membrane structures.

Once a permit has been issued, set up of the structure may begin. The permit must remain on site with the temporary structure at all times until the dismantling of the structure.

II. Plan Submittal Requirements

- A. In order for a building permit to be issued, construction plans must be submitted to the Lake County Building Department for plan review and approval.
- B. The Building Permit will be issued to the General Contractor who is registered with the Lake County Building Department.
- C. A copy of the Zoning Permit from the local zoning department will need to be submitted to the Lake County Building Department.
- D. Plans must also be submitted directly to the local Fire Department with the Lake County Building Department's Fire Department Submittal Form. The local Fire Department will fax their comments to the Lake County Building Department on the Fire Department Submittal Form prior to issuance of a building permit.

II. Plan Submittal Requirements - Cont'd

The Submittal Package for a temporary structure(s) must consist of the following documents:

1. Completed Commercial Building Permit Application including set up, duration and dismantling dates.
2. Four (4) copies of a detailed drawing of the structure(s), the layout, location, separation from other structures, purpose (e.g., retail use, public assembly).
3. Flammability certification(s) for the fabric/membrane of the temporary structure (See Exhibit A – Item 2).
4. Detailed Plans including the following: (minimum plan size is 8½-x 11-inches)
 - a. Overall site plan showing entire site and locations of all permanent and temporary structures (See Exhibit B).
 - b. Detailed plans to include the following information:
 - Plan view indicating location of furniture (tables, chairs, stages, etc.) or related items (See Exhibit A – Item 1).
 - Uses within all temporary structures (assembly, cooking, etc.).
 - Locations of all fire extinguishers.
 - Locations and dimensions of all required aisles and exits.
 - Locations, sizes and types of any flammable/combustible liquid/gas tanks and piping.
 - Locations and types of any/all heating equipment.
 - Locations and types of all electrical equipment.

III. Plan Approval

- When the plan submittal has been approved, the applicant will be notified.
- The Building Permit will be issued to the General Contractor who is registered with the Lake County Building Department.
- If any additional work is being done (electrical, mechanical, gas piping, etc.) a state licensed contractor who is registered with the Lake County Building Department must obtain a separate permit.
- Once all permits have been issued, and ***prior to use***, the general contractor is to contact the Lake County Building Department for an inspection.
