

Bareroot Trees and Shrubs available in quantities of 5, 10 or 25

 **WHITE PINE** *Pinus strobus* When planted in a row or grouping, this conifer species will grow quickly, form a privacy screen or windbreak and will do well in many soil types. *Also available as container.*

 **BLACK SPRUCE** *Picea mariana* This "almost Ohio native" evergreen tree is more diminutive than its white spruce relative. Tolerant of wet and acidic soils.

 **RED CEDAR** *Juniperus virginiana* Can be trained to form a hedge or planted in a windbreak. This evergreen provides excellent cover for wildlife. Prefers sunny, well-drained sites.

 **YELLOW BIRCH** *Betula alleghaniensis* Clean, dark green foliage turns golden-yellow in fall. Golden-peeling bark provides great winter interest. Prefers moist, well drained, cool soils.

 **SUGAR MAPLE** *Acer saccharum* This species will allow you to take up maple sugaring while waiting for your woodlot to mature, or you can just sit back and enjoy the spectacular fall colors. *Also available as container.*

 **SASSAFRAS** *Sassafras albidum* This sun-loving native tree is one of the most unique trees in Ohio. Arching branches hold four different leaf shapes. The leaves turn a brilliant red in autumn.

 **THORNLESS HONEY LOCUST** *Gleditsia triacanthos inermis* This native tree thrives in urban and suburban environments. It is great for pollinators as well as small mammals and birds. Its golden small leaflets practically glow in autumn.

 **AMERICAN BASSWOOD** *Tilia americana* Stately American basswood would be a great replacement for lost ash trees. Its spring flowers produce copious nectar earning it the nickname "bee-tree". Honey made from basswood foraging bees is mild and complex. Likes sunny, moist to well-drained sites.

 **CHINKAPIN OAK** *Quercus muehlenbergii* This oak would make a great statement tree on well-to-excessively drained sites. Its acorns are a preferred source of food for wildlife.

 **NORTHERN PECAN** *Carya illinoensis* This Southeastern Ohio native floodplain species bears edible nuts. It likes sunny, moist to well-drained sites. Does not like poorly-drained sites.

 **SHAGBARK HICKORY** *Carya ovata* Named for its trademark shaggy bark this slow-growing, nut-producing tree is long lived. Its nuts provide food for wildlife, and its bark provides habitat for bats like the Endangered Indiana bat. *Also available as container.*

 **RED MULBERRY** *Morus rubra* This fast growing native hardwood tree is widely adaptable to many soil conditions and has the bonus of blackberry like fruits which are desirable to humans, birds and other wildlife.

 **PEACHLEAF WILLOW** *Salix amygdaloides* Like many willows, this species can have one or many trunks. Perfect for planting in wetlands and soggy spots, along pond edges and streambanks.

 **PERSIMMON** *Diospyros virginiana* This tree has an attractive form, beautiful chunky bark and offers sweet orange fruits after the first hard frost.

 **AMERICAN PLUM** *Prunus americana* Bearing large numbers of plums the size of large grapes, this native plum also dazzles in the spring with its whitish-pink blossoms.

 **REDBUD** *Cercis canadensis* Most famous for its spring branches which are covered in pink-purple flowers. This well behaved shade-loving tree is a perfect landscape tree as it rarely grows larger than 20'.

 **PAWPAW** *Asimina triloba* Known for its banana-like September fruits, large tropical-looking leaves and unique, rich red flowers, this tree provides 3 seasons of delight. *Also available as container.*

 **DOWNY SERVICEBERRY** *Amelanchier arborea* This small native understory tree makes a great replacement for the invasive Bradford or Callery pear! Beautiful almost lacy-looking April blooms followed by tasty berries in June.

 **SMOOTH SUMAC** *Rhus glabra* Averaging 2-15 ft in height, this small tree is an autumn stunner and wildlife favorite. It is also a great species for naturalizing property edges or roadsides.

 **WITCHHAZEL** *Hammamelis virginiana* A large shrub with intriguing crooked branches and zig-zagged twigs. It is prized for spidery yellow flowers that bloom in late fall. Does well in sun or shade.

 **SPICEBUSH** *Lindera benzoin* This understory shrub/small tree with lemon-scented foliage and red berries is great for attracting wildlife like swallowtail butterflies and songbirds.

 **AMERICAN HAZELNUT** *Corylus americana* This multi-stemmed shrub forms a rounded top. Half inch long edible nuts ripen in autumn. Prefers well-drained soils. shade. *Also available as container.*

 **BLACK CHOKEBERRY** *Aronia melanocarpa* This medium-sized shrub adds interest with its spring blossoms and fall foliage. Black clusters of berries attract birds and can be made into jams and preserves. Is tolerant of a wide range of soil types. *Also available as container.*

 **BLACK ELDERBERRY** *Sambucus canadensis* This plant would be equally at home next to a pond, in a sunny hedge or as a specimen in your partially sunny backyard. The tiny black berries are loved by birds and can also be used to make jelly, syrup and pies. *Also available as container.*

 **HIGHBUSH BLUEBERRY** *Vaccinium corymbosum* This shrub has 3 seasons of interest for your landscape. Pinkish-white bell shaped flowers in late spring turn into tasty edible berries in summer. The thick glossy leaves turn a brilliant red in autumn. Great substitute for the non-native, invasive burning bush. *Also available as container.*

Container Trees and Shrubs

Container sizes and approximate height listed.

WHITE PINE *Pinus strobus*. Bareroot seedlings also available. #2 container, 18-24" tree.

SUGAR MAPLE *Acer saccharum* Bareroot seedlings also available. #2 container, 3-4' tree.

SHAGBARK HICKORY *Carya ovata* Bareroot seedlings also available. #2 container, 18-24" tree.

PAWPAW *Asimina triloba* Bareroot seedlings also available. #2 container, 24" tree.

AMERICAN HAZELNUT *Corylus americana* Bareroot seedlings also available. #2 container, 30-36" plant

'AUTUMN MAGIC' BLACK CHOKEBERRY *Aronia melanocarpa* Species Bareroot seedlings also available. #3 container, 30" plant

BLACK ELDERBERRY *Sambucus canadensis* Bareroot seedlings also available. #3 container, 30" plant

HIGHBUSH BLUEBERRY *Vaccinium corymbosum* Bareroot seedlings also available. #2 container, 15-18" plant

 **PIN OAK** *Quercus palustris* This fast-growing oak thrives in moist to wet soils, but does well on drier sites too. As this species ages the crown becomes distinctly oval-shaped. #2 container, 30-36" tree

 **BUR OAK** *Quercus macrocarpa* Tolerant of a variety of moisture and soil conditions, bur oak is great for urban and forest settings. Its fringed acorns are wildlife magnets. Prefers full sun. Grows 70' to 80', 80' spread. #2 container, 3' tree

 **PUSSY WILLOW** *Salix discolor* This multi-stemmed native shrub is the perfect addition to that soggy spot in your yard or to the streambank in need of erosion control. Male plants produce the characteristic fuzzy grey catkins in early spring. #3 container, shrub

 **CUTLEAF STAGHORN SUMAC** *Rhus typhina 'lacinated'* This small tree is an autumn stunner and wildlife favorite. This naturally occurring cultivar has lacy cut leaves that make it a great statement tree in your landscape. #3 container, 3-4' tree

 **CLIMBING PRAIRIE ROSE** *Rosa setigera* This native climber has fragrant pink flowers in early summer, dark green foliage that turns deep red and purple in autumn and showy red rose hips from late summer through fall. #3 container.

 **OSTRICH FERN** *Matteuccia struthiopteris* This fern has large, vase-shaped, fronds. Excellent for naturalizing streams and damp woodland edges. Tolerant of a wide range of soils. The emerging fiddlehead shoots are considered a delicacy when cooked. #2 container, clump.

Other Conservation Goods

RAIN BARREL Start collecting rain this spring with a 55-gallon barrel and DIY diverter kit. Individual barrels, diverter kits, and linking kits are also available.

TREE TUBE SHELTERS 2' plastic tubes to protect your tree seedlings. Vented to allow for dormancy.

TREE FLAGS White flags on wire to help minimize mower casualties.

SOIL TEST KITS Soil test kits from Penn State, measure soil nutrients and organic matter.

NATIVE WILDFLOWER SEED These native wildflower and grass mixes from OPN Seed are great for bringing diversity and wildlife habitat to your property.

Choose from: **Ohio Pollinator Oasis Seed Packet**

Too Wet to Mow Packet

Eastern Great Lakes Native Pollinator Seed Packet

Wet Wildflowers Seed Packet

Woodland Edge Seed Packet

Window Box Pollinator Mix Packet*

Fast Flowering Seed Packet*

For packet descriptions visit opnseed.com.

*Contain non-invasive introduced species.

COVER CROP SEED Don't let your soil sit bare, keep it covered! Cover crops improve soil texture, increase organic matter and act as mulch.

Choose from: **Fall Cover Mix**

Garden Raised Bed Mix

Garden Summer Mix

To Pick Up Your Order:

Pick-up times are **Friday, April 23 from 9 AM to 6 PM** and **Saturday, April 24 from 9 AM to Noon**.

If you provide your email you will receive a pickup reminder.

Lake SWCD is not responsible for orders that are not picked up by noon Saturday. If you cannot pick up your trees, please make arrangements for someone else to pick them up.

Bare root orders will be distributed in 5 gallon buckets, and should fit in most cars. Container trees and shrubs will fit in most vehicles laid upon their side. Larger orders of container trees may require a larger vehicle, such as a pick up truck.

There may be additional seedlings and conservation gifts for sale on pick-up day. Walk-ins are welcome (and encouraged!) but subject to availability.

We reserve the right to make substitutions if necessary. The plants are nursery inspected to be disease-free.

Lake SWCD cannot guarantee their survival after distribution. Planting instructions will be provided when you pick up your trees.

To Order

Fill out the form on opposite page. **Keep this page for reference.**

Orders will not be processed until payment is received. Sorry, we cannot take credit cards.

Place orders by March 19. Any order placed after that date will be subject to reduced availability.

Tree pickup will be in the **Natural Resources Building at the Lake County Fairgrounds, 1301 Mentor Ave., Painesville, Oh 44077**

Send form, along with payment to:

Lake SWCD

105 Main St.

Painesville, OH 44077

Order Form

Please fill out this page front and back and return to Lake SWCD by March 19, 2021.
